DEFIANT ANSWER BEING PREPARED TO THE AMERICAN DEMAND BY GENERAL CARRANZA

ADVICES FROM MEXICO CITY STATE THAT A BREAK NOW IS BELIEVED UNAVOIDABLE

There is Apparently Complete Agreement Among Mexican Cabinet Members That Orders to General Trevino to Attack American Troops Moving in Any Direction Except Towards Border be Affirmed—Memorandum Published

CARRANZA SPECIFICALLY DENIES ALL ALLEGATIONS IN NOTE REPLYING TO HIS DEMAND FOR WITHDRAWAL

President May Take Situation Before Congress Today Should an Unfavorable Reply be Received From Mexico—War Department Continues Activity to Reinforce the Forces Along the Border—Movements of Militia Censored.

Washington, June 30.—While adminstration officials manifested impatience today over the delay of the Carranza government in replying to the American demand for an explanation of its purposes, private advices from Mexico City indicated that a defiant answer was being prepared there and expressed the belief that a break between the two governments was unavoidable.

There appeared to be complete agreement among members of the Mexican cabinet, it was indicated, that orders to General Trevino to attack American troops moving in any direction except toward the border be affirmed. Some de facto officials wished to go further and couple with this statement in the Mexican reply a defiant demand that American troops be immediately withdrawn from Mexican soil.

Deny Allegations in Note.

The private messages were sent by persons in a position to speak with some authority as to General Carranza's attitude and they appeared to be borne out by the unconciliatory character of a memorandum published in Mexico city, specifically denying all the allegations of the previous note in answer to Carranza's demand for withdrawal of the troops. Intimations have reached officials here, however, that the de facto government may give strong assurances in its note that border raids will be prevented by a strong patrol of Mexican troops if the United States will withdraw its forces. It was said at the Mexican embassy tonight that 50,000 Carranza troops are available for border patrol duty.

The State Department has had no direct information as to when the Mexican response would be sent or how it would be transmitted. Secretary Lansing called this fact to the attention of Eliseo Arredondo, Mexican ambassador designate, during the day, and indicated that he did not understand the delay in view of the statement of the American note last Sunday that an early answer was expected. Mr. Arredondo, who had called to announce formally the release of the Carrizal prisoners, said he had not heard from his government on the subject.

Another Mexican Protest.

Another communication was sent to the State Department today by Mr. Arredondo protesting against the shooting of a Mexican by American soldiers stationed at Ysleta, Texas, as reported by Mexican Consul Garcia, at El Paso. According to Mr. Garcia, the soldiers fired across the Rio Grande at two customs officers "without any provocation whatever." The body of the dead Mexican was removed by him companions, after dark, it was said.

At the cabinet meeting today the crisis was discussed and later it was stated that no change in policy was contemplated. President Wilson is in New York tonight but will be in Washington again early tomorrow and should an unfavorable reply from General Carranza come during the night, he will be able to take the situation to Congress before nightfall if he desires.

How long the administration is prepared to wait for a statement of the de facto government's intentions towards American troops in Mexico is not known. It is probable, however, that President Wilson will not act before Wednesday unless some development forces him to go before Congress tomorrow. The House will adjourn tomorrow over the fourth of July.

Censorship is Applied.

At the War Department during the day measures to furnish a military force along the border adequate for any emergency continues to go forward with unabated speed. A censorship of all official news as to movements of individual units of the National Guard was applied for the first time, orders of similar nature already having gone out to departmental commanders.

Major Douglas MacArthur, engineer corps, attached to the General Staff, assumed his duties as military aide to the Secretary and directing in charge of all War Department information dealing with the Mexican crisis. He issued his first official communication as to troop movements and departmental activities during the day. Information that might be of value to an enemy was deleted from dispatches made public.

It was stated officially that mobilization of the troops was proceeding at a rate that exceeded the expectations of the General Staff. It now is estimated that the entire force called out under President Wilson's order of Sunday, June 18, will be on the border within another two weeks, armed, equipped and supplied for a campaign of any kind.

The framing of a proclamation applying to the National Guard the draft provisions authorized in the resolution adopted by Congress this week was begun by legal officials at the War Department. It will be made ready for President Wilson's signature whenever he decides that the step is necessary. Officials believe the machinery has been furnished by Congress under which the whole enrolled strength of the Guard could be rushed quickly to the border if further reinforcements of General Funston's lines became necessary.

Ample Supplies for Army.

With regard to ordnance and quartermaster's supplies for the army now being forwarded to the front, it was said officially that ample provision has been made for all the present force and also to care for proper reserves. There is no shortage of small arms or ammunition and field artillery can be supplied faster than men can be trained to handle the guns.

Considering the great distances the troops are forced to travel to reach the border, officials feel that exceptional speed is being made with the movement south. There is no instance, it is stated, where trains have not been available at the time and place they were called for and the co-operation of railroad traffic experts with departmental quartermasters has procured right of way for troop and supply trains over all other traffic.

Officers of the General Staff are elated over the success of the plans they had mapped out for such a mobilization. It has been accomplished through decentralization of authority, placing each official a definite duty he is to perform without reference to any higher authority and requiring him to perform it promptly.

GOLD AND SILVER BULLION SEIZED AMOUNTS TO $500,000.

Washington, June 30.—The State Department was officially advised today that gold and solver bullion belonging to Americans and seized by local Mexican authorities at Manzanillo totaled nearly $500,000. The seizures were reported to have been begun before the Carrizal incident. A protest already has been made to General Carranza.

Reports of continued seizures in various parts of Mexico reached the department during the day. In most cases the property taken had been left behind by Americans fleeing from the country. There has been no indication that the local authorities acted on instructions from Mexico City, but no reply has been received to the representations made several days ago to General Carranza.

STATEMENT OF THE WAR DEPARTMENT PRESS BUREAU

Washington, June 30.—The War Department Press Bureau tonight gave out this statement.

"Increments of California guards, comprising infantry, cavalry and field artillery, entrained this evening for border. Increment of Illinois guard entrained this afternoon for border.

"General Bell wires General Funston it is reported that General Gavira and party of mediators are to arrive in Juarez about midnight. That they left Chihauhau on a special train at 3 p. m. today; that a Mexican officer under orders from General Gonzales searched all American houses in Juarez and confiscated all arms and ammunition found; that there is an indefinite rumor afloat that Villa was seen with Carranza troops four days ago at Busillos on railroad between Chihuahua and San Antonio.

"General Funston received the following telegram from General Bell:

(Continued on Page Ten.)

ASSERTIONS IN AMERICAN NOTE REPEATEDLY DENIED

Mexican Foreign Office Issues Memorandum in Reply to Secretary Lansing's Recent Communication—Declares United States Has No Right to Maintain Armed Force on Mexican Soil.

Mexico City, June 30.—The foreign office today issued a memorandum in reply to Secretary Lansing's recent note, in which the correctness of assertions in the communication from Washington were repeatedly denied. The memorandum declares that the United States has no right to maintain its armed forces on Mexican soil.

The memorandum contains 35 counts. Although not in the form of a direct reply to the Washington note, it is considered equivalent to answer to that document. It expresses surprise that the Washington government should have been pained at the tone and the contents of the Carranza document, since it maintains that the United States has sent to the constitutionalist government not only one but many discourteous and even overbearing notes.

Emphatically reitearting the Mexican government's position denying the right of the United States to keep armed bodies in Mexico, the memorandum denies energetically that the Mexican government has protected bandits who had committed depredations in the United States and defies Washington to produce proof of the assertion.

That the blame for the Santa Ysabel massacre is placed on the socalled impulsive and irascible disposition of Charles Watson, general manager of the Cusihuiriachic Company, and General Scott and General Funston are accused of bad faith and lack of honor in misleading General Obregon in an allaged evasive reply regarding the crossing of American troops into Mexico after the Glenn Springs raid.

The memorandum asserts that while it is true that the United States arrested General Huerta the motive which prompted this act was not a purpose of aiding the constitutionalist government but because the United States feared that General Huerta was plotting with Germany.

The note concludes by declaring that the presence of American troops in Mexico invites rather than prevents bandit raids along the border.

The memorandum was issued at the same time that the foreign office authorized publication of Secretary Lansing's recent note.

In part the note says:

"It appears strange that the Department of State of the United States should be displeased with the tone of the government's note of May 22, which it terms discourteous, when the same department had addressed to the constitutionalist government not one but many notes but not only discourteous but threatening.

"During the period alluded to in this note 148 Mexican citizens have been murdered in American territory by American citizens and even by the authorities of the United States, this despite that both nations were in a state of profound peace and in none of these cases, despite repeated remonstrances by the Mexican ambassador at Washington, have any of the guilty been punished.

"It is untrue that the Mexican government has protected in any instance criminal attacking American territory. The Mexican government has done all in its power to protect foreigners. The fault lies with foreigners, especially Americans, who insisted in remaining in disturbed districts, despite the warnings of the Mexican government. As our own citizens have suffered severely on account of it is hardly just that foreigners should expect to be immune."

The note cites the case of Charles Watson, one of the victims of the Santa Ysabel massacre who, it states, insisted on makin the fatal journey despite a warning from General Trevino, the military governor of Chihuahua.

"It is a fact," the note states, "which the American military authorities cannot deny, that on March 16 General Gavira advised the latter that he had trustworthy intelligence that Villa and his bandits were on the way to the frontier. He also warned them that Villa was going by way of Las Palomas, thus giving the American authorities ample time in which to prepare to meet the danger.

"The constitutionalist government also, on receipt of the news of the movements of Villa and right after the attack on Columbus, sent 1,500 men under General Gutierrez as rapidly as possible to the northern part of the state of Chihuahua with orders to pursue the bandits relentlessly. It is well known that the pursuit began immediately and the bandits were dispersed.

"The imputations of the American government that the constitutionalist government had no desire to put an end to attacks is untrue. It is well known hat the affairs at Parral resulted from the imprudence of the commander of the American troops who entered the town well knowing that the Mexican commander had not given his consent.

"It is absolutely untrue that Mexican troops have been guilty of disloyalty as imputed in the note of the Department of State. The Mexican government could do no less than consider improper the presence of American troops on Mexican soil since the original orders given to them were, according to the American press, to undertake immediate pursuit of the

NEW YORK SUN BOUGHT BY FRANK A. MUNSEY

Newspaper Will Now Become Member of Associated Press

Has Made an Unsuccessful Effort to Establish Competitive News Gathering and Distributing Organization.

New York, June 30.—After 23 years of unsuccessful effort to establish a proprietary news gathering and distributing organization in opposition to the co-operative form of the Associated Press, the New York Sun was sold today to Frank A. Munsey, a member of the Associated Press, and beginning Monday next will no longer try to gather its own news and will receive the service of the dominant organization. In announcing the purchase Mr. Munsey will say in tomorrow's issue of the Sun:

"The tremendous advantage to the Sun can be appreciated only by newspaper men.

"Through a mix-up that occurred some years ago, when the Associated Press was reorganized, the Sun did not associate itself with all the other morning papers of the town in the reorganization. As a consequence ever since then it has been compelled to gather its news alone and at a vast expenditure in excess of the cost of receiving it through the Associated Press.

"Moreover, it is not possible for a single newspaper to compete in news gathering with the Associated Press, which is the peerless news gathering organization of all the world. With the Associated Press membership, which the Sun secures through this merger, it will be equipped for better work so far as concerns its news service than at any time in its history—better than in the old days when it was a member of a press association, because the Associated Press of today is incomparably better and bigger than any previous news gathering organization."

The price of the Sun will be reduced to one cent.

DENTAL SOCIETY GOES TO DURHAM NEXT YEAR

Dr. Geo. R. Patterson, of Wilmington, Second Vice President

Dr. R. O. Apple, of Winston-Salem, Elected President—Dentists Attend Clinics and Hear Technical Lectures.

(Special Star Telegram.)

Asheville, N. C., June 30.—Officers were elected and Durham chosen as the next meeting place at the final session of the North Carolina Dental Society, which concluded its annual convention here tonight. The following officers were elected:

President, Dr. R. O. Apple, Winston-Salem; first vice president, Dr. W. T. Manton, Benson; second vice president, Dr. George R. Patterson, Wilmington; secretary (re-elected), Dr. R. M. Squires, Wake Forest; treasurer (re-elected), Dr. R. M. Morrow, Burlington; essayist, Dr. Frank Netherlands, Asheville.

Dr. J. S. Spurgeon, of Dillsboro, and Dr. J. H. Wheeler, of Greensboro, were re-elected to succeed themselves as members of the State Examining Board.

During the day the dentists attended a number of clinics and heard technical lectures on matters pertaining to dentistry. A part of the afternoon was spent in visiting various points of interest about the city.

Following the election of officers tonight and the naming of the next meeting place, a memorial service was held, after which the newly elected officers were installed and the convention adjourned.

Columbus, N. M., June 30.—Shipments of food and munitions to the Colonia Dublan base was resumed today after an interruption of 36 hours. Reports of scouts, who exploded a story that the Carranzistas were threatening to cut the American line of communication, have convinced army men that there is no present danger of supply shipments being interrupted.

GAINS ARE MADE BY THE ALLIES ON PRINCIPAL FRONTS

Successes Against Teutons in France, Italian Theatre and East Galicia Reported

RUSSIANS OCCUPY KOLOMEA

Naval Engagement Reported Between Russians and Germans in the Baltic Thursday

Succsses for the Entente Allies on the three most important European fronts in rance, in the Italian theatre and in East Galicia—are chronicled in the latest official communications.

The French and British continue their raids against the Germans in France, the French having captured the Thiaumont work northeast of Verdun and the British having kept up their bombardments of German trenches and their incursions into German positions by patrolling parties. The Russians have taken Kolomea, an important railway junction leading to Lemberg, in Galicia, and the Italians continue to advance against the Austrians in the Trentino region.

The struggle for the possession of Thiaumont work, taken by the German Crown Prince's forces from the French a week ago, was most severe, the position changing hands several times in the incessant fighting.

The British are keeping up their tactics of destroying artillery fire against German first and second line trenches from Ypres to the Somme. Unofficially it is reported that the British are expending more than a million shells a day in this work.

In addition to the capture of Kolomea, the Russians also have taken the town of Obertine, northeast of Kolomea, and several other villages north and south of that point.

On the front in Russia, from the Galician border to the region of Riga, there have been battles at various points, but with no decisive results.

The Italians have taken Griso and several mountains positions southeast of Trent. Their advance against the Austrians also has resulted in the capture of nearly a thousand prisoners, as well as stores of arms and munition. Vienna claim only the repulse of attacks in this sector.

An unofficial report of a battle between Russian and German squadrons in the Baltic Sea south of Stockholm on Thursday has been received in London from Stockholm.

BERLIN REPORTS NAVAL BATTLE WITH RUSSIANS

Berlin, June 30, (via London, July 1).—"Thursday night German torpedo boats, consisting of an armored cruiser, a protected cruiser and five destroyers, between Havringe and Land-

(Continued on Page Ten.)

GUARDSMEN BEGIN TO ASSEMBLE AT BORDER

Illinois and New York Regiments Arrived Last Night.

Battalion of Utah Artillery Also Reached San Antonio Yesterday—Work of Placing Men Thoroughly Systematized.

San Antonio, Texas, June 30.—The first Illinois infantry arrived at Fort Sam Houston, tonight, and went into camp. The Seventh New York regiment reached San Antonio late tonight and transferred without detraining to the San Antonio and Arasas Pass railroad, which will carry them to their station near Brownsville.

The First Illinois marched at once to the camp assigned them, at the head of the line provided for the Illinois and Wisconsin brigades. The first regiment will be followed 24 hours from now by the second Illinois regiment, while it is expected that the entire two Illinois brigades will reach Fort Sam Houston within five or six days.

The work of locating the National Guard organizations when they arrive at their stations has been thoroughly systematized.

No news of clashes between United States troops and Mexicans was reported to General Funston tonight from any point.

The Illinois regiment was the second command of those called out by the President on June 18 to reach its station, a battalion of Utah artillery having reached Nogales earlier today.

23,000 GUARDSMEN WERE BOUND SOUND LAST NIGHT

New York, June 30.—Twenty-three thousand National Guardsmen from the department of the East were tonight on trains rushing to the border, according to an announcement at headquarters of General Wood. More than 50,000 troops are in mobilization camps in the department and of that number about 33,000 have been mus-

(Continued on Page Ten.)

ISSUE OF FEDERAL BONDS IS PLANNED

Leaders Reach Agreement for Paying Expenses Brought on by Mexican Emergency

WILL GO BEFORE CONGRESS

Bond Issue Would be Made Only Should Treasury Resources and New Revenue Measure Prove Insufficient.

Washington, June 30.—An agreement under which Congress is expected to authorize a Federal bond issue to meet the extraordinary expenses of Mexican emergency was reached today by administration leaders. Under the plan such an issue actually would be made only in case the ordinary resources of the Treasury and the additional $210,000,000 expected from the administration revenue bill prove insufficient.

The whole revenue situation has been gone over minutely in a series of conferences but the Secretary, Chairman simmons, of Finance committee and Chairman Kitchin, of the Ways and Means commitee.

Mr. McAdoo is understood to have presented President Wilson's views that the extraordinary expense of the Mexican crisis should not be met out of current revenues, and the committee chairman agreed that a bond issue might be advisable. Another result of the conference was a decision to put the new revenue bill through immediately. It probably will be passed by the House next week.

The exact amount of the Treasury surplus for the fiscal year will not be known until tomorrow, but at the close of business yesterday it was $174,171,845, and officials believed today's receipts would increase it to more than $200,000,000. Total income tax receipts was expected to amount to more than $115,000,000. The total ordinary receipts for the year, including June 29, were $712,654,574.

Senator Simmons and Representative Kitchin emphasized tonight that they were in hearty accord with the Treasury's proposal to segregate the expenses of the Mexican situation from the ordinary government expenditures. Mr. Kitchin said that the appropriations in the supply bills and the estimates submitted to Congress on account of the enxpeses of mibilization and other conditions at the border in Mexico, approximate $125,000,000. "These and all other necessary appropriation on account of Mexico, whether we have war or not, should be met by bonds," he declared.

The revenue bill which Mr. Kitchin will try to put through the House next week proposes to raise $100,000,000 additional from a surplus tax on incomes, $50,000,000 from an inheritance tax, and about $60,000,000 from a tax or net receipts of war munitions concerns. It will be introduced tomorrow. Present plans are to begin debate on it Thursday under a special rule providing a final vote before adjournment Saturday.

FOUR VILLA BANDITS ARE HANGED FOR COLUMBUS RAID

They Are Calm as They Meet Death. Executed in Pairs.

Deming, N. M., June 30.—Four Villa bandits who participated in the Columbus raid, were hanged in the county jail here today. They were hanged in pairs, Ensevio Retteria and Taurino Garcia being put to death first and then Jose Rangel and Juan Castillo.

The men were calm. None would make any statement except Garcia, who exclaimed as he was led to the execution: "I hope God will forgive my enemies."

This completes the disposition of the cases of the Columbus raiders.

HANS TAUSCHER ACQUITTED.

Was Charged With Complicity in Plot to Blow Up Welland Canal.

New York, June 30.—Hans Tauscher, a former German army officer, charged with conspiracy to blow up the Welland Canal in September, 1914, was acquitted today by a jury in Federal Court here. The jury was out 50 minutes.

The indictment charging complicity in a plot to destroy the canal was returned April 19, last, and named Tauscher, Capt. Franz von Papen, Germany's recalled military attache; Wolf von Igel, his secretary; Alfred A. Fritzen and Constantine Govani. Von Igel is yet to be tried. Fritzen and Govani are believed to be out of the country.

THE DAY IN CONGRESS

SENATE

Met at 11 a. m.

Began consideration of agricultural appropriation bill.

Passed fortifications bill.

Recessed at 5:50 p. m. to 11 a. m. Saturday.

HOUSE

Met at noon.

Agreed to adjourn from Saturday to Wednesday for Fourth of July.

Sent postoffice bill to conference.

Military committee reported Hay bill providing $2,000,000 for dependent families of National Guardsmen.

Debated McGillicuddy workmen's compensation bill.

Adjourned at 5:23 p. m. to noon Saturday.

PRESIDENT FOR WAR ONLY IF THERE IS NO OTHER ALTERNATIVE

Will Not Countenance Conflict With Mexico if Trouble Can be Otherwise Settled

HIS POSITION IS ENDORSED

Would Sacrifice Political Fortunes to Carry Out Convictions As to Just Course

MR. COLBY PAYS TRIBUTE

Says Wilson's Friends in Progressive Party Are Legion

New York, June 30.—President Wilson made it plain in his speech at the New York Press Club banquet tonight that he will not countenance a war with Mexico until there is no other alternative for settling the border troubles.

Again re declared that he was ready to sacrifice his own political fortunes in order to carry out his convictions as to what would be the just course to pursue in the situation.

The President's audience, composed of newspaper men, state and municipal political leaders and others prominent in public life, signified their endorsement of his position by repeated outbursts of applause.

His Course Approved.

When he asked if the glory of America would be enhanced by a war of conquest in Mexico, shouts of "no" came from all parts of the banquet hall. A similar response was made to his query whether it is America's duty to "carry self defense to the point of dictation in the affairs of another people."

The President dwelt also on his efforts to serve the whole people, thousands of whom, he said, are appealing to him to maintain peace as long as possible.

"I have constantly to remind myself," he said, "that I am not the servant of those who wish to enhance the value of their Mexican investments, but that I am the servant of the rank and file of the people of the United States."

Bainbridge Colby's Tribute.

Bainbridge Colby, who placed Theodore Roosevelt in nomination for the Presidency at the Progressive convention at Chicago, paid President Wilson high tribute in an address, but did not declare unqualifiedly that he would support him in the coming campaign, as it was reported he would do.

"I am a Progressive," he said. "I was one of the party's organizers. I shall stick by the ship until it is recognized by passengers, crew and officers alike that itt must be abandoned. I cannot leave until the water is up to my chin. I will say this, however, speaking for the rank and file, that the friends of Woodrow Wilson in the party are legion. The stalking horse of the National Committee may vote down the resolution to leave the vote of the Progressives to their own consciences, but I think the actions of Progressives are to be determined and dictated by their individual judgment and nothing else."

President Shakes Hands.

President Wilson arose from his seat and shook hands with Mr. Colby as he finished speaking. Later the President paid tribute to Mr. Colby's generosity. Mayor Mitchel, Ralph Pulitzer and Irvin S. Cobb also spoke.

President Wilson did not begin to speak until almost 11 o'clock. The Presidential party, which included Mrs. Wilson, who occupied a seat of honor in a balcony behind huge American flags; Dr. Cary T. Grayson, and Secretary Tumulty, left for Washington at 12:30 o'clock.

The President's Speech.

In his address before the Press Club President Wilson said:

"I realize that I have done a very imprudent thing; I have come to address this thoughtful company of men without any preparation whatever. * * * * But, gentlemen, as a matter of fact, I have been absorbed by the responsibilities which have been so frequently referred to here tonight, and that pre-occupation has made it impossible for me to forecast even what you would like to hear me talk about. * * * *

"Mr. Colby said something that was among the few things I had forecast to say myself. He said that there are some things which it is really useless to debate, because they go as a matter of course.

"Of course, it is our duty to [illegible]pare this nation to take care of its honor and of its institutions. Why debate any part of that, except the detail, except the plan itself, which is always debatable?

"Of course, it is the duty of the government which it will never overlook, to defend the territory and people of this country. It goes without saying that it is the duty of the adminisration to have constantly in mind with the utmost sensitiveness every point of national honor.

What Would Be War's Gain?

"But, gentlemen, after you have said

(Continued on Page Ten.)

ARMY REORGANIZATION ACT EFFECTIVE TODAY

Brigadier General Young Issues Explanatory Summary

Prohibits Organization of "Home Guards?" — Seven Electrocutions Scheduled for This Month. Raleigh News Notes.

(Special Star Correspondence).

Raleigh, N. C., June 30.—Before leaving for Camp Glenn to take command of the North Carolina National Guard brigade being mobilized there, Brigadier General Laurence W. Young gave out ,at the request of Governor Craig, an important summary of the new conditions under which the National Guard will be organized and maintained in future under the provision of the new Army Reorganization act, which will be effective July 1.

The statement is to the effect that the President of the United States has the authority to designate the number and character of the units of the National Guard to be maintained in the respective states; that the governor, as commander in chief, retains the authority to locate the units and the headquarters; apointments of officers will be in accordance with requirements prescribed by the President, the regulations being now in process of draft in the War Department.

All officers are to be commissioned for the term of good behavior, or until they are 64 years old; dual enlistment pledges will be signed by the men enlisted, this requiring three years active service and three years reserve; there must be forty-eight drills per year, this being exclusive of camp service. The pay will be: captains $500 per year; first lietenuants $250; second lieutenants $200; enlisted men on one fourth of the base pay of light grades of enlisted men in the regular army. The pay is o be received semi-annually.

The act prohibits organization of "home guards" or other military organizations in the states other than the National Guard.

Travis Greatly Gratified.

Chairman E. L. Travis, of the Corporation Commission, expressed keen gratification today at the ruling of the Interstate Commerce Commission in favor of North Carolina shippers in the case pressed by Virginia cities to break up the freight rate concessions enjoyed by North Carolina shippers from St. Louis and other western shipping points. Mr. Travis says he has been confident all along that North Carolina would win out in this fight. He personally argued the case at both the December and May hearings and Hon. Cameron Morrison appeared with him at the May hearing.

Seven Electrocutions For July.

Unless there is executive clemency or reprieves in one and another of the cases, there will be seven electrocutions of criminals in the State's prison here during July and one on the first day of August, making eight that are scheduled for the attention of Warden Busbee. There are two white men, Melvin Horne, of Wilmington, and Frank Foster, of Polk county, both being condemned to die for murder.

Insistance is being made that Horne is insane, but no action as to this plea for clemency has yet been taken. Horne is to die July 21 and Foster July 28. The other electrocutions scheduel are: July 7, Lawrence Swinson, Wilmington, burglary; July 14, Thomas Merrick, Wilmington, murder; July 14, James McCall, Harnett county, criminal assault; July 18, John Savage, Washington county, murder; July 21, William Black, Snow Hill, criminal assault; August 1, Arthur Smith, Fayetteville, murder.

SIX WITNESSES TESTIFY IN BEHALF OF WM. H. ORPET

Give Evidence Supporting His Denial of Murder of Miss Lambert.

Waukegan, Ill., June 30.—Six witnesses were examine today in support of Wm. H. Orpet's assertion that he did not murder Marion Lambert and that therefore she must have committed suicide.

Their testimony dwelt particularly on the point that Helm's woods was the last place which a murder would select as the place for his crime.

Galen Brooks, a civil engineer, who made maps of the woods asserted that from the three trees where the high school girl's body was found he could easily see his assistant in making the maps, Jas. Anderson, Jr., walking in the various roads around the woods. Anderson testified that from the various roads he could see his chief plainly. W. W. Gurley, who made photographs of the spot where the body was found, from all angles, swore that there was a sparse growth of trees and practically no underbrush, and the pictures introduced showed a clear view through the woods from a number of directions. A street car conductor and a motorman said they could see the three distinctly from their car.

GOVERNMENT BOATS AT FORT CASWELL ORDERED TO LEAVE

General Getty Goes to Panama—Lieut. Grubbs to Portsmouth, N. H.

(By Long Distance Telephone.)

Southport, N. C., June 30.—A considerable stir was aroused locally late this afternoon over a telegram from Washington ordering that the two government boats stationed here in the service at Fort Caswell, be prepared to leave, the General G. W. Getty to Panama, and Lieutenant Hyden D. Grubbs to Portsmouth, N. H. The particular interest is due in this transfer to the fact that the officers and crews of the two boats have their families here. In the place of these two boats, the Getty and Grubbs, it is reported that their places will be supplied with the Captain Morrison, a boat not quite the size of the General Getty and a forty-foot launch to take the place of the Lieutenant Grubbs. No definite date has been determined when these will leave, but it will be as soon as they can be made ready for the trip.

A quiet Fourth at Carolina Beach. Steamer Wilmington leaves at 9:00 and 2:30.

(Advertisement).

SPECIAL CONCERT TONIGHT

Big Musical Feature of Baptist Assembly—Leonomie Dumais and Chorus to Sing.

The concert to be given at the auditorium at Wrightsville Beach tonight as a part of the programme of the Baptist Seaside Assembly is expected to be one of the most enjoyable events of the season in Wilmington and vicinity. Leonomie Dumais, a noted mezzo-soprano singer; Miss Katherine Johnson, who has delighted the audiences at the Assembly with her singing this week, and Dr. Hubert Poteat are on th eprogramme, while Mrs. Meares Harriss will play a violin solo. The concert beings at 8:30 o'clock and all are urged to be on hand on time.

The concert will be given under the directions of Miss Cannie Chasten, by the Wilmington Choral Club, and other individual artists. The Chorus Club is under the direction of Mr. E. H. Munson. Mrs. A. M. Waddell is president. Mr. James Owen Reilly is secretary and treasurer. Mrs. H. E. O'Keef is accompanist. Prof. W. G. Robertson is chairman of the music committee. The singers are as follows:

Soprano: Miss Maud Bullock, Mrs. George Boylan, Mrs. E. K. Bryan, Miss Annie Banks, Miss Katie Foard, Mrs. M. O. Green, Mrs. E. Gregg, Miss Mary Houston, Miss Florence Hawkins, Miss Mary Belle King, Miss Rosabelle Kirkham, Mrs. Mattie Longfellow, Mrs. Frank Ross, Miss Pauline Williams, Miss Lela Williams, Miss Katherine Williams, Miss Isabel Williams and Miss Lucile Riley and Miss Annie Lockfaw.

Alto: Miss Annie Cavanaugh, Miss Margaret Corbett, Miss Agnes, Chasten, Mrs. J. D. Edwards, Mrs. Greene Fenley, Miss Julia Post, Mrs. J. A. Parham, Miss Sallie Smith, Mrs. A. M. Waddell. Visitors, Miss Adah Stannard, Mrs. Ed Woody.

Tenor: Edgar Childs, E. L. Green, Harry Gaddis, D. L. Lockfaw, James Owen Reilly, W. O. S. Sutherland and Charles Schulken.

MRS. ADA STYRON DEAD

Passed Away Last Night at Home of Her Daughter, Mrs. B. H. Marshall.

Mrs. Ada C. Styron passed away last night at the home of her daughter, Mrs. B. H. Marshall, 106 North Sixteenth street, after a lingering illness borne with patience and Christian resignation. For many months she has been at the home of her daughter, and passed away surrounded by members of her family. She was in her 61st year, having been born at Currie, N. C., on April 14, 1856.

Mrs. Styron was the daughter of the late J. B. Croom and Mary Croom, of Currie, where she spent her girlhood days and her married life until recently, when her failing health caused her to come to Wilmington.

She is survived by her husband, Mr. Oliver W. Styron, and five children, who are: Mrs. B. H. Marshall, Mrs. J. A. Brown, Mrs. Geo. F. Catlett, and Messrs. G. Frank Styron and O. W. Styron, Jr., all of them living in Wilmington, except Mrs Brown, whose home is at Winter Park. She is also survived by the following brothers and sisters: Miss Janie Croom, of Currie; Mrs. J. A. Cobb, of Atkinson; Mrs. Lot M. LeGwin, of Wilmington; Mrs. B. F. McLean, a twin sister, of Maxton, and Mrs. Emma F. Croom and Messrs. G. Frank Croom and Wm. H. Croom, of Currie. She has also many relatives living in various parts of the State and alsewhere. A brother, Dr. James Croom, of Maxton, died not many months ago.

Mrs. Styron was a very estimable woman, of pleasing personality and gentle in her ways. She attached to herself many friends, and was beloved by all who knew her. For many years she was a member of the Caswell Presbyterian church, and was always a devoted communicants of that church.

The funeral services will be conducted this afternoon from the residence, 106 North Sixteenth street, at 5 o'clock by Rev. A. D. McClure, D. D., and Rev. Andrew J. Howell. The interment will be in Oakdale cemetery.

RECONSECRATION SERIVCE

Will Be Held at Fifth Avenue Methodist Church Tomorrow.

Sunday morning, July 2nd, Fifth Avenue Methodist Sunday school will hold a Reconsecration Service, the theme of which will be "some Things We May Do." The service will begin promptly at 9:45 o'clock and last about one hour. All members and friends of the church and school are cordially invited to be present. The following programme has been arranged:

"Some Reasons for Having Classes Organized," by Mr. Edward Troy, president Galilean Class.

"How May We Get the Sunday School Pupil to Attend Church," by Mr. N. L. Ballance, of Baraca Class.

"The Problem of the Absentee," by Miss Martha Voshall of Philathea Class.

"The Link Bible Class ,"by Mr. W. H. Voshall and Mrs. T. J. Gore.

"The Cradle Roll and the Cradle Roll Worker," by Mrs. H. W. Keen, primary department.

"The Part the Sunday School Plays in the Church," by Robert James, of intermediate department.

"I Steped in Your Steps All the Way," by Wakefield Parker, of Junior department.

"Advantage of Older People in the Sunday School," by Miss Louise P. Way.

"Teacher Training Class," by Miss Hattie King.

"Giving and Withholding," by Miss Thelma Cole.

Report of the secretary.

Bible reading, by Mrs. M. W. Blair's class.

Peking, July 1.—The provisional constitution of China has been restored, pending the convocation of parliament August 1. A majority of the cabinet headed by Premier Tuan Chi-Jui are southerners.

MEDICAL PREPAREDNESS OF OPERATION MADE PUBLIC

Committee to Select 21,000 Doctors for Service in Time of War.

Chicago, June 30.—The first report of the advisory committee of civilian physicians and surgeons on medical preparedness as to its plan of operation, was issued today. The committee, composed of leading physicians and surgeons in the United States was organized as a part of the general preparedness movement. The plans have the approval of President Wilson, Secretaries Baker and Daniels and Surgeon General Gorgas.

The first step will be the selection of 21,000 doctors in various parts of the country, who, it is estimated, will be sufficient to care for an army of 3,000 000 men, the largest force it is probable the United States would organize in time of war. This is on the basis of seven doctors to each 1,000 enlisted men. The plans call for the selection of doctors by states on the basis of 200 for each million of population.

The organization has been extended to each state and territory. The doctors when they have been selected will be recommended to Surgeon General Gorgas as proficient available men.

The resources of each state as to medical proficiency will be obtained. Besides the number of doctors, the number of medical students available for service as assistants and for the ambulance corps, and of nurses and hospitals, also will be obtained.

In all states the medical bodies will work in co-operation with the Red Cross units.

Leaders of the medical preparedness movement say their organization will be the most complete of its kind ever formed.

FOUR CROPS ON SAME LAND

Magnolia Man Has an Example of Intensive Farming.

(Special Star Correspondence.)

Magnolia, N. C., June 30.—Mr. W. H. Kornegay, a retired farmer, has a small piece of ground on which he has already raised and gathered two crops this year and he expects to gather another crop inside of two weeks and this fall he expects to gather a crop of potatoes, making four crops in all from the same piece of ground. Mr. Kornegay first planted Irish potatoes in rows three feet apart and after they came up he planted early corn between the potato rows. When he dug the potatoes, which yielded an exceptionally large crop, he planted more corn in the rows that the potatoes came out of and by the time it came up his first crop of corn was ready to gather, which he did and sold it for roasting ears and after the first crop of corn was gathered and the stalks removed Mr. Kornegay planted sweet potatoes in the corn rows, so after gathering one crop of Irish potatoes and one crop of corn, there is now on this same ground another crop of corn almost ready to be gathered and one crop of sweet potatoes that will be ready to gather late this fall.

Nashville, Tenn., June 30.—Douglas Watters ,of New Orleans, won the finals in sigle in the Tennessee state tennis tournament today defeating McTyrie Tigert, of Nashville, 7-5, 7-5, 6-2. Watters will meet Nat Emerson, of Memphis, in the challenge round tomorroy. Play in doubles will be finished tomorrow.

System Absorbing Poison, Tongue Coated, Liver Clogged?

A Wineglassful of Tollo Water Will Flush Your Liver and Start You Feeling Good in Half an Hour.

Those who have known the pleasure of an active energetic life and who now drag around feeling tired, depressed and unfit—look at your tongue, see if it is not covered with a furry coat. Look at your skin, see if it is not sallow, possibly covered with pimples. Your food distresses you, bloats your stomach and sometimes feels heavy as lead. It all comes from your liver. Too much rich food has choked the bile tubes, you become constipated and the bile which should be expelled regularly is being forced back into the stomach and absorbed into the system

Concentrated Tollo Water from Dawson Springs will give quick relief. Get a 15-cent bottle from the drug store; pour out about a third of a tumbler full in a glass of plain water and drink it before breakfast. In a few minutes it will flush, really wash out the bile and waste from your system and start you feeling fine. Your complexion will start to clear up at once and by the time you have used a 15-cent bottle it will return to its natural healthy color.

Keep a bottle in the house and take a wineglassful before breakfast every few days; it will keep your bowels regular as a clock and your liver acting freely. You can eat all you want without feeling stuffy or bloated. You will know again the pleasure of an active energetic life.

Cuba's most cooling beverage now brought to you

THE juice of sun-ripened, fragrant, freshly crushed Spanish Red pineapples—picked at the very moment of their most tempting flavor has for years cooled thirsty throats, under Cuba's tropic sun.

Repeated attempts have been made to preserve and bottle the sweet juice of *ripe* pineapples for the American market; but the juice has almost invariably spoiled or become tainted by artificial preservatives.

Now, by a special, solating process, controlled exclusively by the Pin ap a Company, the deliciousness of the fully matured, sun-ripened Spanish Red pineapple is preserved with all its rich, delicate flavor, and is offered to you for the first time in bottled form, as Pin ap a.

Pin ap a—pure, solated pineapple juice and cane sugar, is offered to you in bottled form as a complete, sparkling drink. It is ready to serve—you don't have to add anything. It's a cool, sparkling, nature-made thirst quencher. Remember the name—

PIN AP'A

Pure solated juice of Spanish Red Pineapples

BROWN OR GODWIN?

To the Voters:

Mr. Godwin's campaign managers seem to be making much of replies of President Wilson, Senator Simmons and Mr. Kitchin to inquiries concerning Mr. Godwin's democracy, as if any one has ever questioned his democracy. For a Democratic Congressman to support a Democratic Administration is nothing more or less than adhering to Democratic practice and precedent. There is no more virtue in such a claim than there is for a man to parade his claim for honesty. Some things must be assumed, and the Democracy of a Democratic Congressman is about as little as can be said in favor of party service.

Mr. Godwin has represented this district in Congress for five terms, and certainly he should be able to point to one constructive measure initiated by him. What is it? The crudest sort of architect can propose a plan, but when called upon to supply specifications his true merit is disclosed by his inability to perform.

Mr. Brown is a man of initiative, resource and industry, and his successful business career gives assurance of his congressional possibilities. The question of good will or personal like or dislike should play no part in the selection of a capable representative. It is simply a question of fitness, and that Mr. Brown is the more capable man is probably not denied by Mr. Godwin himself.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE EASTERN DISTRICT OF NORTH CAROLINA, AT WILMINGTON.

Merchants and Miners Transportation Company, Owners of Steamships "Dorchester" and "Merrimac," and on Behalf of the Master, Officers and Crews of said Respective Vessels

Against

British Steamer "Alcazar", Her Tackle, Apparel, Furniture and Cargo.

Rafael S. Sales and Thomas E. Starrett

Against

British Steamer "Alcazar", Her Tackle, Apparel, Furniture and Cargo.

Notice of Distribution

All claimants against the Alcazar, involved in the above entitled case, are hereby notified that an order of distribution has been made by the Judge of this Court, reimbursing the Merchants and Miners Transportation Company for all money expended by it in connection with the salving of said vessel and the litigation of this cause, with one year's interest thereon, allowing Captain Chase, of the "Dorchester" $425.00, Captain Herbert, of the "Merrimac", $125.00, J. G. Beranger, First Officer, $225.00 and the members of the crew who went aboard the "Alcazar" $75.00 each, and apportioning the remainder of the award by giving three-fourths of the same to the crew of the "Dorchester" and one-fourth to the crew of the "Merrimac," and apportion the respective amounts among the crews of the said vessels on a percentage basis according to their monthly salaries.

The parties interested will be allowed to appear and file within thirty days from the date hereof any exceptions or objections to said distribution. In the event no exception or objection is filed, then at the expiration of the thirty days from the date hereof, distribution will be made according to said decree.

Witness my hand and official seal this 2nd day of June, A. D., 1916.

BEGINNERS' SHOOT POSTPONED

Will be Held Next Ffiday Afternoon—Rain Interefered Yesterday.

Owing to the storm and heavy rain yesterday afternoon, the Beginners' Shoot of the New Hanover Gun Club was not held, but was postponed until next Friday afternoon. However, following the storm, a good sized crowd having gathere, a small practice shoot was indulged in.

The high man was Mr. Geo. S. Boyland, who made a score of 45. The next highest was Mr. J. J. Loughlin. Col. Robert Stride, of Southport, was present and participated in the practice and is said to have made a splendid score.

"CHICK" EVANS IS WINNER OF NATIONAL GOLF TITLE

Minneapolis, June 30.—The National golf championship title was won by Chas ("Chick") Evans, Jr., of Chicago, an amateur, with a total score of 186 for the 72 holes of championship play. Jack Hutchinson, professional, Pittsburg, was second with 288, and J. M. Barnes, professional, Philadelphia, third, with 280.

Cleveland, Ohio, June 30.—The East triumphed over the West today when George M. Church, Tenafly, N. J., and Jean Mathey, Cranford, N. J., former Princeton team, retained the doubles championship of the United States on Clay courts by defeating Willis E. Davis and Hrold Van Dyke Johns, of San Francisco 7-5, 6-0, 6-2, in the challenge round of the double event in the seventh annual national Clay Court Tennis Tournament here.

Philadelphia	17	43	.283

Washington, June 30.—A row between Captain McBride, of Washington, and Mays, Boston pitcher, precipitated a clash in the third inning of today's game here that threatened to develop into a general fight among the players of the two clubs. The police restored order and after Agnew, Boston catcher, had been arrested and Captain McBride and Manager Griffith, of the Washingtons, put off the field, the game was resumed and Boston won 6 to 1.

The trouble started when Mays hit McBride with a pitched ball. McBride threw his hat at the pitcher, who almost immediately was surrounded by a score of Washington and Boston players. The police did not reach the angry knot in the center of the diamond until Agnew had hit Griffith a blow in the face. Agnew gave bond for his appearance tomorrow in court to answer a charge of assault.

Mays allowed only two hits during the game, while both Gallia and Ayers were ineffective.

Boston .... 010 000 104—6 8 1
Washington .... 000 000 100—1 2 2

Mays and Thomas; Gallia, Ayers, Shaw and Henry.

Chicago, June 30.—The White Sox went into third place today by virtue of another victory over Detroit 5 to 2, while Washington was losing.

Detroit .... 000 000 002—2 5 2
Chicago .... 012 000 02*—5 6 1

Cleveland, O., June 30.—Cleveland broke its losing streak today, defeating St. Louis 2 to 1. Beebe, who in his first American League game Monday shut out Chicago, pitched for the Indians.

St. Louis .... 000 000 010—1 3 2
Cleveland .... 000 200 00*—2 4 1

Groom, Koob and Severeid, Hartley; Beebe and O'Neill.

Philadelphia, June 30.—New York hit Bush's delivery hard today and shut out Philadelphia 7 to 0. It was New York's third straight victory over the Athletics. Strunk starred with the stick with a triple and two singles in four times at bat.

New York ...... 210 013 000—7 10 1
Philadelphia .... 000 000 000—0 8 2

Fischer and Nunamaker; Bush and Meyer.

TEAMS OF INTERURBAN WILL STAGE TWO BIG CONTESTS

Cubs Will, Meet East Wilmington While Red Sox Play Winter Park.

The teams composing the Interurban League will stage two hard-fought contests this afternoon, the Cubs playing East Wilmington on the latter's home grounds while the Red Sox will meet Winter Park at the latter place. The games will be called promptly at 3:30 o'clock at both places and the public is invited to witness the games. No admission fee will be charged.

The Cubs and East Wilmington will battle for first place, each team now being tied for that position. Page and Todd will probably be the batteries for the Cubs while Horne and Walsak will look after the interests of East Wilmington. Van Lindingham will be the umpire.

The Red Sox and Winter Park now have a standing of zero in the League, both teams havin glost two games in the last series. The game this afternoon will decide which shall have third place. Neither team is anxious to get in the cellar and, therefore, it is expected that this contest will be hard-fought from start to finish. Gordon and Sneeden will be the batteries for the Red Sox and Fetner and McIntyre for Winter Park.

$75,000,000 INCREASE

Tentatively Agreed Upon for the Army Appropriation Bill.

Washington, D. C., June 30.—Additions totaling $75,000,000 have been agreed upon tentatively by the Senate Military committee to the $182,000,000 army appropriation bill as it passed the House. Members of the committee said today that appropriations made necessary by mobilization of the National Guard and army reorganization might run the aggregate up to $275,000,000.

OPEN NEW DIAMOND TODAY

Initial Baseball Games by City League This Afternoon Promise to Attract a Big Crowd.

With their line ups reinforced by new blood including several seasoned players of the star variety, the initial games of the City Baseball League on the new diamond at the Marine Hospital, near Eighth and Ann streets, beginning this afternoon at 3 o'clock promise to be unusually interesting to lovers of the National sport and it is expected that there will be a large crowd on hand to witness the contests. This will mark the formal opening of the new playgrounds for the city in which the people of Wilmington have long been interested and Editor James T. Cowan, of The Evening Dispatch, who has had a prominent part in the movement, has been invited to toss the first ball across the diamond.

The strong Immanuel nine will play the first game with the Boys' Brigade team at 3 o'clock. The Immanuel boys will have Yates and Gerdes as batteries while Register and Wilson will look after the interests of the Boys' Brigade Both teams have some good material in their line up and promise to give a splendid exhibition

The Wilmington Light Infantry team expects to make a much better showing this afternoon than was the case last Saturday afternoon as they will have as their pitcher, Irving Corbett, who was signed up by Connie Mack while a student at Georgetown University in Washington and who has achieved considerable reputation in a National way as a ball player Another star for the W. L. I. team will be Morton, who has just returned from the University of Virginia, where he played on the 'Varsity nine and was frequently in the limelight because of his fine playing in the inter-collegiate games. Bell will be behind the bat for the soldier boys.

The W. L. I. team will play the strong Delgado nine at 5 o'clock. Bert Kite, who has long been known as a ball player of unusual ability, will be behind the bat for Delagoda while Holt will probably do the pitching. Other additions have been made that will enable this team to meet the soldierites on an equal footing.

There will be no charge for admission this afternoon and the public is invited to attend. If the people of the city really want some star baseball that will be interesting from start to finish they are asked to get busy now and let the boys have their support.

Norfolk, Va., June 30.—In the District Federal court today, Judge Wood entered an order directing 27,250 pounds of cocoa beans be resold. They were originally bought by a New Yorker who failed to pay the purchase price and were resold. The libellants objected to the price secured and were sustained by the court.

Thə Gist of The Matter

June 30, 1916.

One day more and this contest for the nomination of a candidate for Congress will be over. Never before in the Sixth district has so earnest an effort been made to disparage our representative. This is not because he has not been faithful. Never before have the people had such evidence of this, not only from his constant attention to their inquiries but from the testimonials of his associates in Washington. Amid such protests we hear little of what the new candidate will do and there is less assurance of what he can do. Under such conditions it is well to look for motives.

Of all the ills in human nature none is more likely to use indirect means to accomplish its end than envy. Opposition to Godwin springs not so much from what he has failed to do as from what he has done. Those who care more for the aggrandizement of their candidate than for the welfare of the country can see a thousand flaws in his work without being able to provide a single remedy.

From the creation of the world no man has built a house, tilled a farm or founded a nation but some soul has said that the work could have been better done. The greater the achievement the more exacting the criticism.

The sinister nature of this opposition is seen in the secret methods which have been used to undermine Mr. Godwin's social standing. They have tried to prove he is not a white man. Failing in this sleuths have been behind his back through Washington back home and everywhere else. It is doubtful whether any runaway slave was ever followed through the swamps of Eastern Carolina with bloodhounds with greater diligence than have the stench hunters in their efforts to find something against Hannibal L. Godwin. It is a source of gratification that he has not been run to a hollow or trapped with live bait.

We may thank God that there is one element in American character which has not failed us. We do not jump from one thing to another, or from one man to another, without cause. When our constitution was framed, care was taken that there should be no bar to efficiency. Hence we find no provision which forbids re-election to any office, nor is there given a time limit to any man's service for his country. How our ancestors put this in practice. We find that Washington, in one capacity or another, served his country 46 years; Jefferson 40; John Adams 30; Madison 41; J. T. Adams 50; Daniel Webster 30; Henry Clay 35; J. C. Calhoun 40. Coming down our history, we find always the tendency to reward merit by extension of service. We find this in the judiciary, in the long careers of such men as Marshall and Taney. In military service Winfield Scott and R. E. Lee, in legislation, J. G. Blaine with his 25 years. G. F. Hoar, 52, M. W. Ransome 36, though a part of this service was in kindred branches.

In no department has experience proven more needful than in that of legislation. In the period following the Civil war, a number of the generals of the Northern army were elected to Congress, nevertheless, Thad Stevens and Ben Wade bossed the brigadiers as effectually as the latter had managed their colonels, while on the Democratic side, Thurman of Ohio, Hill, of Georgia, and Lamar, of Mississippi, came forward as markedly leaders of ther party notwithstanding the long list of distinguished generals.

We already have a man of middle years, of legislative experience almost from boyhood, who has stood the test of public and private conduct. Why should we wish to change?

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.
Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1879.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the county at $6 per year; $3 for six months; $1.50 for three months or served by carrier in the city and suburbs at 60c. per month, or, when paid in advance, $7.00 per year; $3.50 for six months, $1.75 for three months

THE SUNDAY STAR, by mail, one year, $1.00; six months, 50 cents; three months, 25 cents

ADVERTISING RATES may be had on application, and advertisers may rest assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina. Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors

TELEPHONES: Business Office, No. 51. Editorial and Local rooms. No. 61.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected, unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to

THE WILMINGTON STAR CO.

SATURDAY, JULY 1, 1916.

TOP O' THE MORNING.

Much of our dissension is due to misunderstanding, which could be put right by a few honest words and a little open dealing.

—HUGH BLACK

Betcha thirty cents.

The tension in the Mexican situation is receiving marked attention.

Whether love is blind or not, it doesn't ask the dark any odds.

Come to think about it, many of us eat crow when we have to do it. We don't like it but crow's crow just the same.

Instead of having peace societies in this country we ought to have a lot of amalgamated societies for the cultivation of amicable relations at home and abroad.

How long since you heard of an outrage being committed by Germany against this country? Wilson won without war and gets abused for it by Republicans.

According to that Mormon scout of ours, the Mexican troops at Carrizal thought the Americans intended to attack them when Captain Boyd's forces advanced in battle formation.

Some people appear to be grouchy when there is nothing to be grouchy about, while some appear to be elated when there is nothing calling for elation. This is just naturally the case.

"Business is business," is what it would be called by an American manufacturer who will sell machine guns and ammunition to bandit gangs as quick as he would to anybody else who has the money to pay for them.

As the most gigantic example of ingratitude the world has seen during the present generation, we would cite you to Carranza. Just think, but for the friendship of Wilson and the American Nation, he could not have occupied his present position even in Mexico.

Some people go right on talking as if the tariff regulates wages in this country. The bigger the corporation which gets the benefit of the tariff the bigger will be the strike that finally regulates the wages that it is going to pay. Republicans may say what they please about it, but organized and skilled labor regulate more wages than the tariff.

The Progressive party was faithful to its trust, but just as soon as its trust found out that he could no longer use it successfully to get himself a third term as president he left the faithful party. A man with no more moral obligation than that is telling us that what this country needs is "spiritual preparedness." It surely does. He furnishes an example as proof of the proposition.

We heard a man berating Wilson some time ago for not intervening in Mexico and declared that his policy on Wilson for sending the army into Mexico and declared that Wilson's policy for sending the army into Mexico and declared that Wilson's policy was going to bring on war. He is now saying that Wilson is going to play the mischief by giving Carranza another chance. We are afraid that if Wilson's policy finally succeeds some men are going to fall dead.

When you hear a Republican criticising Wilson for something he has done, just remember that the same Republican would have criticised him just as readily if he hadn't. When you hear one criticising the President for something he has failed to do, put it down that if Wilson had done it, that Republican would have criticised him for doing it. Remember, always, a Republican's only consistent policy towards Wilson is to criticise him—and it matters not an iota what the President does or fails to do.

ONE OF MR. HUGHES' INCONSISTENCIES.

The New York World marvels at the fact that the Hon. Charles E. Hughes in his letter to the Progressive committee should denounce the "weakness and incertitude" of President Wilson in his policy dealing with the submarine controversy with Germany, whereas the actual result of Wilson's diplomacy in that connection would make Mr. Hughes' remark wholly unnecessary. It really is curious that Mr. Hughes should say such a thing when he ought to be able to observe as a matter of fact that Germany ceased from the former method of her submarine warfare solely on account of President Wilson's successful efforts.

The fact is, the use of such criticism on the part of Mr. Hughes is evidence of his inconsistency. The Republican nominee ought to be able, like the balance of us, to have noticed that in strict accordance with President Wilson's policy Germany now is carrying on a different kind of submarine warfare compared with that which brought on the controversy. As The World correctly declares, Mr. Hughes seems to have entirely overlooked the fact that Germany's concession to Wilson's contentions is proof positive that it is "the most notable diplomatic triumph of the age, by which an issue was settled in harmony with law and in the interest of humanity."

Possibly Mr. Hughes does not approve of settling that controversy by diplomacy, as it evidently has been settled, as Mr. Hughes ought to be able to observe has been the case. Does he mean to say that diplomacy was no way to settle it and to lead us to infer that his way would have been by means of war? Of course, everybody knows that would have been Roosevelt's way and that if the Colonel had been President he would have been at war with Germany before now to bring about the same result that Wilson was able to bring about by diplomacy.

Since it could only have been settled either by diplomacy or war, what does Mr. Hughes mean when he criticises the President for settling it by diplomacy instead of by war? Has he adopted the foreign policies advocated by Roosevelt in order to gain the Rough Rider's support Has he abandoned principle for the votes he thinks he can get by locking arms with a man who proved a traitor to two political parties in his desire to secure a third term as President.

President Wilson has made diplomacy answer the same purpose as war, and Mr. Hughes as well as all Americans should be thankful to their President for succeeding by diplomatic means in securing respect for and recognition of American rights under international law — maintaining peace with honor. However, Mr. Hughes finds himself calling that selfsame successful diplomacy "weakness and incertitude." We fail to see how a real achievement, with the purpose actually accomplished, can meet with criticism from any one. It deserves commendation instead of censure, but Mr. Hughes' censure shows clearly that he is inconsistent.

We are inclined to believe that in spite of Mr. Hughes, the American people appreciate the fact that Wilson won a triumph by diplomacy instead of resorting blindly to war, the only alternative to the peaceful way. German sympathizers are oposing President Wilson because he did succeed and for the same reason they are supporting Mr. Hughes. If he will closely examine the reasons why he is receiving the Germanic support, it ought to indicate to him that his supporters do not consider Wilson's policy as "weakness and incertitude." Mr. Wilson succeeded, and for that reason Mr. Hughes will get the Germanic vote.

Possibly the Republican nominee is denouncing Wilson's successful policy because of the enemies it has made for Wilson's successful Americanism.

REPUBLICAN PREPAREDNESS

Candidate Hughes is laying great stress on the national preparedness that the Republicans propose if they should get back into power. We are prepared to believe that in the future both the Republicans and Democrats as Americans will see to it that their country is better prepared in a naval and military way to conserve the interests of 103,000,000 people, but preparedness is not a political question. It is an American duty.

The Republicans might really do better than they have ever done during the fifty years of their administration. Indeed, we are almost satisfied that they will never again permit of the scandalous Republican preparedness that prevailed when McKinley was president and it was then found necessary for this country to plunge into a foreign war, regardless of preparedness. Under Republican preparedness then the government had to pay enormous prices for junk and later on sell it at the regular junk price, at a great loss to the government. Here is the way that Frank Leslie's Weekly recalls one of the incidents of our preparedness when we had to make war on Spain:

"During the Spanish-American War the United States government went into the ship-purchasing business. The early experience resulted in the purchase of a considerable number of naval auxiliaries and the later sale of these vessels at a sacrifice. Some of the naval auxiliaries, the prices paid for them by the government and the prices at which the government sold them were as follows: Alexander, purchase price $206,825.23, selling price $17,400; Cheyenne, purchase price $19,639.05, selling price $1,690; Hector, purchase price $200,000, selling price $65,150; Hornet, purchase price $117,500, selling price $5,100; Niagara, purchase price $200,000, selling price $75,563; Restless, purchase price $29,000, selling price $1,008; Shearwaer, purchase price $24,000, selling price $1,536; Yankee, purchase price $575,000, selling price $2,010; Yosemite, purchase price $575,000, selling price $11,522.04."

All of the foregoing occurred under a Republican administration that the Republicans though was really magnificent, efficient and grand. Lots of the Republican government that we have had was that way on paper, but it is a shame to remember it against the G. O. P. However, if it were not so giddy and bigoted, people might forget its past instead of recalling its blunders and inexcusable inefficiency. Probably the Republicans might do better, but they certainly have a horrible preparedness past to live down.

It we ever get careless enough to think that the Republicans should be given another chance to get hold of the people's government, it would not be on account of any great shakes that they have claimed for the past. It would be because we deliberately propose to get reckless with our memory.

THE DELAY IS TO OUR ADVANTAGE

There have been two developments in the last 48 hours in the Mexican situation, aside from Carranza's note to Washington, that the chronic critics of President Wilson will probably point to as indicating vacillation in his policy in dealing with the de facto government. First, those who are for "war at any price" are disappointed because the final break with Mexico, which appeared several days ago to be imminent, has not materialized, having been postponed temporarily by the surrender of the American prisoners at the border. Second, it is reported from Mexico City that General Pershing's forces in Mexico are moving gradually northward, toward the border.

Those who are disposed to criticise the Washington government on account of the fact that the expeditionary forces in the interior of Mexico are moving northward ought to ask themselves if such a movement is not wise in view of the prospect for a break with the de facto government. Ostensibly the movement is for the purpose of shortening and thereby strengthening Pershing's lines in Mexico, but to a layman it would appear that in the event of real war with that country the United States would be in better shape to begin the conflict with all its forces in a body along the border, so that the comparatively small body of troops now in the interior of Mexico could join the main force in a united action against the forces beyond the international line. If war were declared against Mexico while comparatively small numbers of our troops were far from the border in the interior of Mexico, there would be all sorts of chances for them to be surrounded and possibly massacred by far superior numbers of Mexicans who might concentrate their forces first of all for the annihilation of the American troops in the interior, before the army from the border could possibly reach the scene.

At present, the War Department seems to be moving for a general centralization of all its forces on the border, both the National Guardsmen and the troops now in Mexico, so that if the promised conflict should develop the whole force would be in position to move with a united front in the best manner to make quick work of overwhelming the enemy, forcing the first great engagement near the border instead of far in the interior of the enemy's country, which would naturally be greatly to our advantage.

As to the matter of delay in bringing the situation to the breaking point, army officers on the border, especially at San Antonio, are quoted as saying that any delay incident to new negotiations with General Carranza will be of inestimable benefit to the United States should the course of events cause a general clash between the United States and the forces of the de facto government. No similar advantage would accrue to the Mexican forces, according to those in close touch with the intelligence department of the army. This advantage would consist not only of permitting the release for active service of the 35,000 regulars guarding the border, by substitution of National Guardsmen, but also in the concentration of supplies for a big campaign, the mobilization of transport facilities and the rehabilitation of the flying arm of the service. In other words, we are losing nothing but gaining immensely by the delay in the conflict, if it must come.

Aside from this feature of the case, there has been another consideration that should not be overlooked and doubtless has not been overlooked by the Washington government. It is this: If war comes, the American people and the other nations of the world will sit in judgment and render a verdict as to the right and justice of the cause. Every American who is patriotic in the highest sense feels that to go to war without a just cause which would bear the critical judgment of future generations would be an irreparable injury to the Nation. Heretofore there have been many Americans who in all sincerity were asking themselves "Is there a just cause for war?" It has been conceded by the State Department that up to the Carrizal engagement nothing had happened that amounted to a real and justifiable cause for war. Thus far, the reports of that affair have been conflicting According to some reports, it appears that the Americans were at least in part to blame for it, while according to other reports they were entirely blameless and the whole blame is to be placed at the door of the Mexicans. There is some doubt and the American people are not disposed to go to war over a matter about which there is a question as to the facts in the case.

Certainly President Wilson has not wanted to go to war until all question about the cause was entirely settled and until Carranza assumed and maintained an attitude to force this great Nation to take up arms against that small, weak nation, torn by recent revolution. Wilson has been very desirous that if we go to war, there could be no question or cavil whatever among patriotic and intelligent Americans of the present or future generations that we had just cause and that war was inevitable.

FLORIDA SEES AN OPPORTUNITY

Florida has no nearby market for her surplus cattle and hogs, but far-away Texas is buying Florida cows by the hundreds of carloads. This item from the Manatee (Fla.) Record is among many of such references to be seen every now and then in Florida papers:

"Twenty carloads of cattle passed through Manatee on Thursday of last week en route to Texas. They were shipped from Fruitville by Messrs. Knight Bros., of Bradentown. The shipment was composed of all cows, which would indicate that Texas cattlemen appreciate the value of Florida raised cattle for stock purposes."

Texas is a pretty distant market for livestock raised over here on the South Atlantic, but at last Florida is soon to have a home market, so that the farmers' profits will be all the greater and the State's livestock industry will have a chance to grow to larger proportions. Leastwise the Fort Lauderdale (Fla.) Herald says:

"One of the institutions that is going to prove of great benefit to the state of Florida is the packing plant which Armour is building in Jacksonville. It will do more to boost the livestock business in the state than anything that could happen. With a market at our very door, cattle and hog raising will be stimulated to a wonderful degree. Better stock will be bred, for there is more money for the stockman in producing a good grade of animals than in raising scrubs."

The Lauderdale paper clearly sees the point. It recognizes the logical result of a packing house, even if Florida capital has waited for Western capital to take advantage of the opportunity and reap the benefit.

—Mr. John Enniss, of Bolton, was in the city yesterday on business.

CURRENT COMMENT

"This week," says the Wilmington Star, "we welcome the Baptist and the lawyers of North Carolina." We dispute it—the Baptist of North Carolina do not flock with the lawyers of North Carolina.—Columbia State.

And they say that Wrightsville Beach has only lately had gas. Just to think that all the time it has had Cowan, of the Wilmington Dispatch, and Clawson, of the Wilmington Star, ready to be tapped!—Raleigh News and Observer.

It was told Governor Craig that he could not send enough guardsmen to Snow Hill to protect the negro tried there this week from lynchers. As a matter of fact he could not have sent too few. One husky guardsman with a high-powered rifle and a resolute determination to use it is enough to run all the lynchers in Greene county, or North Carolina, for that matter, off the face of the earth. No more cowardly animal than the lyncher draws the breath of life—Greensboro News.

The Wilmington Star is urging that home guards be organibed in towns which the President's call has bereft of their militia. Goldsboro has taken the initiative by organizing a new company with a prospective membership of 150. Charlotte is fortunate in having two companies still in reserve, the Fifth Battery of Coast Artillery, and the Charlotte Blues, but the first-named is likely to be called out at any moment. In case of threatened violence to a prisoner of a riot of any kind the need for militia is urgent. Those who have been fancying that militia companies were composed of young men merely in search of diversion are rapidly changing their minds. —Charlotte Observer.

WHILE THE SOLDIERS ARE AWAY

Their Families Not to Suffer Says Kinston Chamber of Commerce.

(Special Star Correspondence.)

Kinston, N. C., June 30.—The chamber of commerce of Kinston is pledged to prevent deprivation in the families of soldiers who went from here to the State mobilization camp. "There will be no suffering in Kinston because of the absence on a patriotic duty of heads or supporting members of families," was a statement made today. Members of the chamber declare it will not be necessary for anyone to be put to "the slightest inconvenience" while the soldiers are away.

Kinston, N. C., June 30.—Rev. George Frank Hill, a young Episcopal minister, was ordained in St. Peter's church, Washington yesterday. Bishop Darst presided and Rev. William E. Cox, of Wilmington, preached the sermon.

Mr. J. R. Williamson Replies to G. Herbert Smith

To the Editor of The Evening Dispatch:

In answer to Mr. G. Herbert Smith's "The Truth About That Telegram," appearing in The Morning Star, of the 28th inst., on page seven, I beg to say to the public that I have endeavored to give them a truthful presentation of the facts connected with the traitorous action of certain persons, enjoying the confidence of the Democratic party of this county. I, of course, have had to depend upon the testimony of friends, tried and true, who were witnesses of the happening, and not of my own personal knowledge.

In answering Mr. Smith, I shall undertake to review **his reasons or excuses for my defeat.**

1st. He mentions the fact that, "As a member of the 1913 Legislature, I passed a preferential primary law for Columbus county which was so drawn that, when the returns were made for the only Democratic Primary held under it, it was well nigh impossible to get any two men to agree in all details as to the proper construction of the law.

As a Candidate, before the people, I promised I would give them a One Day Primary Law and I did it. I want to say further that I did not consult either Mr. Smith or Mr. Brown as to the provisions of this law and I claim that a fair expression of the people's will could have been obtained under the operation of this law, had certain people been as willing to abide by the written law of the land as they had been to destroy the usefulness of those they consider in their way.

Mr. Smith did not experience any great difficulty in determining the successful candidates for Columbus Commissioners and other officers under this same law and at the same time, I was declared the Nominee of the party for representative by the canvassing board along with other officers, and Mr. Brown as Executive Committee Chairman, called on me for and received $15.00 to help defray the expense of the Election, under the law, so offensive to Mr. Smith, the public funds of the county were not squandered in deciding contests between office-seekers, and I want to ask Mr. Smith if he is in any way responsible for the present law that will cost the tax-payers nearly One Thousand Dollars to decide who are the Nominees in the two 1916 primaries.

I want to state, for Mr. Smith's information, that what I have done, to show the people how and by whom they have been imposed upon, has been solely and entirely at my own expense. Can you judge me by yourself? Mr. Smith.

My assertion that a telegram was sent from Brown to Smith has been characterized, on the stump, as an infernal untruth (good Presbyterian talk, isn't it?) Mr. Smith's explanation as to how it was sent answers that question very effectually and shows plainly who is the prevaricator. And it a code telegram. Oh yes, one that could be read to suit Tom, Dick and others.

I stated in my first letter that the independent candidate received at New Berlin about fifty votes, and the records in the Register of Deeds' office will bear me out, in such statement. The independent candidate's majority in the entire county was only 28 votes. Mr. Smith's assertion that Mr. J. A. Brown tried to persuade Mr. Benton to withdraw from the race is a gratuitous insult to the intelligence of the people of Columbus county who knew and now know that Mr. Benton was one of Mr. Brown's candidates, and that he helped to induce him, with others, to enter the first primary and that he entered the second at Brown's request, is the belief of the people of this section. Mr. Smith stated that he and Mr. Brown voted for me, for this I am profoundly grateful to Mr. Smith, as to Mr. Brown, the evidence is against him. After comparing the number of friends in Chadbourn, whose vote I am reosonably sure I received, I beg to say there was no room for Mr. Brown in the list of the faithful few who stood with the party. While Mr. Smith is over-zealous in informing the public as to good Democrats who voted for me, (he and Brown) he is as dumb as an oyster when it comes to divulging knowledge of the number of Republicans who were persuaded to vote against me in the primary held at Chadbourn. I want to say I was approached by a few of my Republican friends who stated they wished to vote for me and I informed them that I thought they had a right to do so. A recent decision by the Attorney General of the State along this line possibly has escaped Mr. Smith's attention; the opinion of an Attorney General, however, is a small matter compared with the opinion of our half Wilmington and half Columbus—Colossus.

In conclusion I will say I have been badly treated by these self-constituted saviours of Democratic Institutions and I want to ask my friends to vote for Hon. H. L. Godwin for Congress on next Saturday.

Respectfully,
J. R. WILLIAMSON.

HEALTH IS WEALTH
by John B. Huber, A.M., M.D.

Good health and good sense are two of life's greatest blessings.

Fourth of July Lockjaw

AND yet, unfortunately there may be places in which fireworks will still be used to celebrate Independence Day. We should note, therefore, that the blank cartridge has been responsible for more than sixty per cent. of tetanus (lockjaw) cases, whilst the giant firecracker has stood sponsor for fifteen per cent. and powder for ten per cent., the toy cannon four per cent., firearms five per cent. of this dreadful disease. Forbid the child, above all things, the toy pistol and the giant firecracker.

The symptoms of lockjaw (than which there are no more heart rending in medical experience) do not come on till about a fortnight's incubation—or hatching—after the injury has been incurred. Then may come rigidity of the neck and jaw, difficulty in chewing and swallowing, chills, high fever, choking, muscular spasms, bridging of the body upward from the head and feet as pivots, quick pulse—and all this in a little child. The tetanus infection generally comes about through the introduction of dirt or wads containing the tetanus germs into wounds, sometimes very slight indeed, and especially of the face, hands and feet. Immediately a child is hurt from fireworks then a physician must be called who will inject an immunizing dose of tetanus antitoxin. Such a timely dose will almost surely protect against the development of the disease; its efficacy, however, diminishes with the time lost in administering it. Before the use of this beneficent agent death in cruel suffering followed in at least 80 per cent. of such lockjaw cases. Practically all health departments and many druggists now have this antitoxin available for immediate use on application, and requests may be made to them by telephone for its dispensing on the coming Fourth. In any event, repeated microscopic examinations of the secretions of the wound during the incubation period will, when they are negative, greatly allay fear of the disease. For the wound itself nothing short of heroic surgery will be justified. Free incision, under general or local anaesthesia; through removal from the wound of every particle of foreign matter; painting the wound and the parts surrounding it with fresh tincture of iodine; the application of a loose wet boric acid pack; the hypodermic injection of 1,500 units of antitetanus serum; the wound invariably to be kept open and allowed to heal by granulation; the dressing and packing to be changed daily—these are the radical steps that are essential.

VACCINES.

R. B. writes: Has serum or vaccine treatment been successful in curing discharging sinuses from empyema? I am a sufferer of seven years' standing, have had three operations, but still the discharge is considerable. Am underweight, of course, but my general weight is good. I am told direct sunshine on the chest has cured some marked bad cases.

Answer: I sympathize with you. "Autogenous" vaccines and serums may be "indicated" for nose, throat and ear catarrhs and abscesses, rheumatism and so on, but they will hardly benefit so extensive a condition as empyema. I have no doubt your surgeons have done the very best possible. With good drainage and irrigations and with plenty of nutritious food and the appropriate tonics, you should do well. Direct sunshine (the Rollier treatment) has benefited many cases, but especially tuberculous children, excessive heat must be avoided.

HAMMER TOE.

B. E. F. writes: The third toe of my right foot will take to hurting after wearing any shoe, especially if I am sitting down. The toe feels as though it were being twisted the full length of it. The pain gets unbearable and I have to remove my shoes; and then it gets easy. The toe is not sore to the touch, as I can squeeze, bend or twist it without discomfort; nor is the nail sore.

Answer: You have, from your description, hammer toe. Operation by a good surgeon is the only relief for this.

John B Huber

This column is devoted to disease prevention; to physical and mental hygiene; to domestic, industrial and public sanitation; to the promotion of health; efficiency and long life. The latest developments in medical science will be presented. Questions of general interest will be answered here, space permitting—others by mail if stamped return envelope is enclosed. Requests for personal diagnosis or treatment cannot, however, be considered in any way.

MAY CHANGE THE HIGH SCHOOL CURRICULUM

Proposed to Offer Three Courses in Wilmington School

Extended Conference Held by Chairman Carr and Members of Committee—Lack of Funds is Only Thing in Way.

An extended conference was held yesterday afternoon by Chairman J. O. Carr, of the Board of Education, and Messrs. J. Allan Taylor and John D. Bellamy, Jr., of the High School committee, and Mr. Heman Shaw, principal of the Wilmington High School, for the purpose of considering the advisability of changing the High School curriculum. A general conclusion was arrived at, provided the necessary funds are available, and the matter will be submitted to the Board of Education for its consideration.

The proposed plan is substantially to provide instead of the present classical course, three courses to be known as classical, literary and commercial. The classical course will continue as at present the other two courses will be the same as the classical for the first two years, after which in the literary course will be substituted certain elective studies in the place of Latin, German and mathematics, and in the commercial course certain subjects will be required which are usually provided in such courses. This will prepare boys and girls to make a living when they leave the High school and will liberalize the work for those who wish to graduate, but do not desire to study the higher branches of Latin and mathematics.

It is contemplated that this work can be begun by employing a first class teacher of stenography, typewriting and bookkeeping and by using the present faculty for other studies required in the new courses.

These courses will be full courses and cannot be taken by anyone who has not completed the first two years of work or who does not stand the required examination.

Chairman Carr said that these plans were only tentative but were being worked out and if adopted are the beginning of a long existing purpose to adapt the Wilmington High School training to the needs of the community.

YESTERDAY HOTTEST AND MOST VARIABLE DAY OF ALL

Mercury Droped From 92 at 2 P. M., to 68 at 4 P. M.—Felger's Ice-Box

Yesterday was the hottest and the most variable day in the matter of temperatures that residents of Wilmington have experienced in many months. At 2 o'clock in the afternoon the mercury in the local Weather Bureau's big thermomter on top of the postoffice had climbed to the dizzy height of 92 degrees, yet shortly after 4 o'clock a thunderstorm which broke over the city about that time had caused the mercury in less than two hours to drop 24 degrees. Shortly after 4 o'clock the official thermometer registered just 68 degrees.

Sundry persons who have been feeling a whole lot hotter than they had any right to be, considering the fairly cool temperatures the local observer has been giving out lately, have been asserting that he kept the government theromometer on an ice-chest with an electric fan running in front of it. It is true about the ice-chest, but the electric fan is an exaggeration.

Feeling extremely warm Thursday afternoon, a reported visited Observer G. W. Felger in the hopes that perhaps some record had been broken and it could be made into "a story." "Nothing doing," or words to that general effect, said the calm, cool and collected weather man, "there is nothing abnormal about the weather." Well to make a long story short, the reporter claimed to be "from Missouri" and asked to see the government thermomter.

He was escorted up a dark stairway and then up yet another until he came out on the roof of the building. Here in a nicely shaded miniature house, the lower part of which was probably the ice-box. He inspected the instrument and it showed that the highest temperature registered during the day was 87 degrees at noon. There was no need to have an electric fan to cool the thermometer, as a fine breeze was blowing. There was also a snow-guage up there. No, Mr. Felger doesn't expect it to know any time soon, but if it should he will have the guage there to indicate the precipitation.

Yesterday, the Weather man admitted that most Wilmingtonians moved around the greater part of the day in temperatures in excess of 92 degrees, but this was only in spots, he asserted. In the sun, he thought a thermometer might easily have registered 100 or more degrees.

SPECIOL MUSICALE PROGRAMME AT LOCAL BAPTIST CHURCHES

Miss Katherine Johnson Will Sing at Calvary and First Church.

Miss Katherine Johnson, whose singing has delighted the audiences at the Baptist Seaside Assembly each day of the past week, will sing tomorrow at 9:45 o'clock at the Sunday school of the First Baptist church, and again at 8 o'clock at the evening service at Calvary Baptist church. Inasmuch as special musical programmes have been prepared for both services, it is expected a large audience will be in attendance. Rev. Dr. John Jeter Hurt, who assumes the pastorate of the First Baptist church tomorrow, is expected to atend the session of Sunday school and perhaps make a short talk to the students. Dr. Hurt will preach at both the morning and evening services at the First Baptist church.

Bring Cargo Cerement.

The barge Charleston, Captain Mills, master, arrived in Wilmington yesterday from New York with a cargo of cement for the United States government to be used in the construction of the locks and the dam at Brown's Landing on the upper Cape Fear river. The vessel was consigned to C. D. Maffitt & Co., and will discharge her cargo at the Seaboard Air Line terminals.

Whenever You Need a General Tonic, Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. 50c.

W. L. I. BOYS TAKE NEW ENLISTMENT OATH

Two Score Present At Called Meeting Held Last Night

Practically Every Member of Local Coast Artillery Company Ready to Go to Mexico—One-Fourth Pay Starts Today.

Practically everyone of the two score members of the Wilmington Light Infantry Company present at the meeting in the armory last night signed the new Federal enlistment oath following the explanation by Capt. E. F. Bailey, the commanding officer of the local Coast Artillery Company, was explained the provisions of the recent act passed by Congress. Captain Bailey is confident that every man of the 60 now enrolled as members of his command will sign the new oath without delay.

The action taken last night was in response to an order received from Adjutant General Young, who desired to know just how many men he could count on from Wilmington. Captain Bailey explained that the new enlistment is nothing more than putting the men under the command of the President of the United States and the governor of the State of North Carolina instead of under the Governor of the State alone, as has been the case. It also puts the men on one-fourth regular army pay, beginning today, with full pay, of course, should they be called into active service.

The new oath roads as follows:

"I do hereby acknowledge to have voluntarily enlisted, this 30th day of June, 1916, as a soldier in the National Guard of the United States and of the State of North Carolina, and I do solemnly swear that I will bear true allegiance to the United States of America and to the State of North Carolina. I will serve them honestly and faithfully against all their enemies whomsoever, and will obey the orders of the President of the United States and of the Governor of North Carolina and the officers duly appointed over me with the understanding that credit will be given me for the period which I have already served under my current enlistment in the organized militia of the State of North Carolina."

Captain Bailey said last night that he had received a number of applications in the last day or so for enlistment in the local company. There are now enrolled 60 men. The peace footing for a company is 65 men but it is probable that the enrollment will be made larger than this so as to have a full quota of men in the event of a call to the colors. It has been pointed out that probably some of those already enrolled would likely be rejected for physical disabilities in the event of service in th field.

As stated in the oath, the new enlistment gives full credit for the time already served in the miltia. The new enrollment provides for an enlistment of six years, three in active service and three on the reserved corps.

LOCAL CONTRACTING FIRM GETS $20,000 PAVING JOB

Moore & Abeel Awarded Big Contract by Town of Roanoke Rapids.

Moore & Abeel, general contractors, of this city, have just been awarded the $20,000 contract for improving the streets of Roanoke Rapids, N. C. This is a thriving cotton and paper mill town of about 6,000 inhabitants. Both the street and sidewalks will be built of concrete.

The local firm landed the contract in competition with eleven other bidders. It calls for the laying of sidewalks and the paving of about two and one-half miles of city streets.

Real Estate Deeds. . . . .

The following deeds were filed for record yesterday: Dennis E. Terrell to John E. Hines, for $100 and other considerations, one-half acre of land in Harnett township; Thomas A. Smith and wife to Arthur E. Nixon, for $1 and other considerations, lot on north side of Campbell streets, 82 1-2 feet east of Seventh, 41 by 66 feet in size; North Carolina Home Building Association to William Struthers, Jr., for $1 and other considerations, lot on north side of Campbell streets, 82 1-2 feet east of seventh, 41 by 66 feet in size; C. D. Weeks, commissioner, to H. F. Wilder, for $585 and other considerations, lot on west side of Seventh street, 30 feet north of Taylor.

500 FAIL TO LIST TAXES

In Wilmington Township Alone—They Become DeLinquents—More Than 200 Listed on Last Day.

Yesterday was the last day for the listing of poll and property taxes in New Hanover county and the listers did a big day's work. Messrs. B. F. King, Sr., and Walter Rutland, listers for Wilmington township, listed more than 200 persons during the day, but 500 or more, it is estimated, became delinquents through failure to attend to this important matter.

In order that everybody possible might be listed, they sent cards to many who had not done so and telephoned others. As a result of the extra efforts made by the tax listers and Count Auditor J. A. Orrell in notifying citizens of their duty in this matter, there will be fewer delinquents this year in Wilmington township than ever before. In Wilmington township approximately 90 per cent of taxpayers listed their property and polls. In the country townships, less than one per cent of the taxpayers failed to list.

Of interest to those who failed to list, of whom it is estimated there are about 500 or more persons in Wilmington township alone, will be announcement that they will have to pay an additional 25 per cent of their tax, because of failure to list. Not listing a poll is a misdemeanor ,and there is no cash penalty unless the judge sees fit to impose one instead of a jail sentence, when persons who fail to list are indicted.

The tax listers have no authority to list any one, and a person becomes a delinquent on both poll and property taxes if he faile dto list either prior to July 1st.

CLOSES HIS CAMPAIGN WITH ADDRESSES HERE

Hon. J. A. Brown Is Confident That He Will Win

Much Interest in Primary Today to Select Candidate for Congress—Supporters of Godwin Sure He Will Be Victor.

Hon. J. A. Brown, of Chadbourn, wound up his campaign for Congress with a strong address at Third and Market streets in Wilmington last night and was greeted by an audience of between 300 and 400 men. Prior to making this closing address, in which he expressed confidence that he would win today, Mr. Brown had spoken to the voters at Seagate earlier in the evening. He was frequently applauded throughout his address, which was rather brief, the candidate suffering somewhat with hoarseness.

The polls for the primary today open at sunrise, which, according to official records, will be at 5:04 o'clock and will close at sundown, which will be at 7:27 o'clock. It is expected that there will be a heavy vote throughout the district considering the fact that there are no other candidates to be voted upon, and that the race between Congressman Godwin and Mr. Brown will be close.

As announced in dispatches from Washington, Congressman Godwin has left the fight to his friends in the district, expressing the utmost confidence that he will win. His supporters in New Hanover have been active in his behalf ,particularly the members of the Godwin Club, which was organized several weeks ago.

Mr. Brown in his address last night declared that he had every reason to believe he would win today, pointing out specifically that he expected to carry Robeson county by a majority of not less than 800. Mr. Brown also pointed out that he would get quite a few votes in Harnett and believed that Cumberland and Bladen and Brunswick would give him strong support. He appealed to the voters of New Hanover to vote for him, if they considered him the best man for the place.

If nominated as candidate for Congress from the Sixth district, Mr. Brown declared that he would go unpledged except to the people of the entire district to render his best services to all with special regard to none. He emphasized the fact that he wanted the people to vote for the man whom they considered the best one for the place and declared he wanted no man's vote unless he really believed him to be the best fitted man for the office. He appealed to the voters present, if they did not know of him or his record, to find out from someone who did.

He declared that if the influence of Federal office holders could be obliterated and "machine politics" removed entirely, that he would be nominated by a majority of 2,000 votes. He was standing upon his record, he said, and pointed out that he had served in the State Legislature and had always stood squarely for the right.

He had but one ambition, he said, and that was to be of service to his country. He believed that if he was nominated he could render a service to the district and it was because of this belief that he was asking for the votes of its constituents.

He explained the need of a Rural Credits law that would enable farmers to borrow money at a low rate of interest fo ra long term of years on good security and declared that this would mean more for the future growth and development of this section than any other one thing.

Mr. Brown was introduced by Mr. S. A. Matthews, of this city. Following his address, Mr. Brown met and talked with many of those present. He will return to his home today for the primary.

PROBABLE CAUSE IS FOUND IN HIGHWAY ROBBERY CASE

Henry Maybank, Colored, is Held For Superior Court by Recorder.

At yesterday morning's session of the Recorder's court, probably cause was found in the case of State against Henry Maybank, colored, on a charge of highway robbery and the defendant was committed to jail in default of a $100 bond, and bound over to the September term of Superior Court. It was alleged that he held up and robbed Thos. Leaver on the night of June 13.

In the case of Ernest Hobb, 15 years old, charged with the larceny of a dozen milk bottles from H. L. Williamson, of No. 1801 Castle street, the charge was changed to forcible trespass, as the complaining witness did not believe that the boy intended to steal the bottles. Mr. Williamson testified that he in the past given him much trouble by hiding different articles which belonged to him.

In view of this explanation, the defendant was given a suspended judgment upon the payment of the costs.

The case against Dave Fredericks, who was charged with having in his possession a large quantity of whiskey in a trunk at his home in violation of the prohibition law, was continued until this morning upon the request of the defendant's counsel, W. J. Bellamy, Esq.

Two defendants were arraigned on charges of disorderly conduct. They were Hattie Best, colored, who was found not guilty; and Maggie Butler, colored, who was sent to the county farm for 30 days.

The Burgaw Raid.

Yesterday's Pender Chronicle says: "Quite a raid was made here this morning on the liquor traffic by chief of police, J. E. Rivenbark. Five men were placed in jail on account of whiskey being found in their suit cases in excess of the law. It is thought that no less than forty gallons were taken from these men. Rather than carry their turn on to Wilmington and be locked up there, they alighted from the excursion here, only to find that the officers here were right on the job. They were locked up immediately."

OUR NEXT REGULAR INTEREST QUARTER

ESTABLISHED 1900

THE PEOPLES SAVINGS BANK

CORNER FRONT AND PRINCESS STREETS

WILL INSTALL NEW PASTOR

Rev. Dr. John Jeter Hurt Will Be Formally Welcomed to City at Special Service Tomorrow.

Rev. Dr. John Jeter Hurt will be formally installed as pastor of the First Baptist church in Wilmington at a special service to be held tomorrow afternoon at 4 o'clock. Addresses of welcome will be made by representatives of all the Protestant denominations of the city, while Mayor P. Q. Moore will speak in behalf of the people of the city. There will be a special musical programme and the public generally is cordially invited to attend.

Dr. Hurt and his wife arrived in the city on Monday of the past week and have this week been attending the Baptist Seaside Assembly of which Dr. Hurt is president. They have, however, had the opportunity of meeting many of the Wilmington people, who have already extended to them a most cordial and hearty welcome.

The programme for the special services tomorrow afternoon is as follows:

Organ Voluntary followed by doxology.

Invocation by Rev. J. A. Sullivan, pastor of Calvary Baptist church.

Hymn, "How Firm a Foundation."

Scripture reading by Rev. Dr. J. M. Wells, pastor of the First Presbyterian church.

Prayer by Rev. M. T. Plyler, pastor of Grace Methodist church.

Welcome by the choir.

Welcome to the city by Mayor Parker Quince Moore.

Welcome on behalf of the Christian Men's League by George B. Elliott, Esq.

Welcome on behalf of the Baptist churches of the city by Rev. W. G. Hall, pastor of Southside Baptist church.

Welcome on behalf of the other churches of the city by Rev. Wm. E. Cox, rector of St. John's Episcopal church.

Response by Rev. Dr. John Jeter Hurt.

Hymn, "Onward, Christian Soldiers."

Benediction by Rev. F. B. Clausen, pastor of St. Paul's Lutheran church.

CAPTAIN SALTER RENDERS VERY PROMPT ASSISTANCE

Miss Margaret Lewis Was Being Carried Rapidly to Sea by Current.

The prompt assistance rendered by Capt. Oscar Saler, life guard at the Oceanic Hotel at Wrightsville Beach, undoubtedly saved Miss Margaret Lewis, of Wilmington, from being drowned early yesterday morning when she was caught in a strong undertow while in bathing and was being carried rapidly to sea. The young woman could not swim but fortunately had the presence of mind to float until she could be rescued.

It was about 5 o'clock in the morning and a number of the guests of the hotel, including Miss Lewis, had gone out for an early morning surf bath. Miss Lewis had been out but a few minutes when she was caught by the current. Capt. Salter seeing her plight went to her aid and brought her to shore. The customary means of restoration were used with the result that Miss Lewis was soon all right. She was able to return to her home at No. 103 North Seventh street, little the worse for the experience which at the time was anything but pleasant for her.

COMMITTEES HAVE MEETINGS

Purchase of Sewerage Equipment at Carolina Court by City Recommended.

The special committee composed of Councilmen McCaig, Jones and Buntting and City Attorney Ruark, recently appointed to decide upon the use of the Simmons' forced draft grate,, which has been installed at the city waterworks plant met at the City Hall yesterday and decided that here was not sufficient information in hand to dispose of the matter at thepresent time.

The special committee composed of Councilmen Hall, Jones and McCaig and City Attorney Ruark heard Woodus Kellum, Esq., attorney for the owners, offering to sell the city the sewerage system in Carolina Court, yesterday afternoon and decided to recommend the payment of $436.86, subject to certain details and the confirmation of Council. Mr. Kellum named $650 as the price asked by the owners.

FOUNDLING GETS GOOD HOME

..Tiny Girl is Adopted by Mrs. Archibald MacRae.

The six-weeks-old girl baby that was found at the Southerland residence on Church street, where it had been abandoned probably by its mother, now has a nice home in Sunset Park. Mrs. Archibald MacRae made out papers adopting the pretty little baby, and Maj. W. N. Harriss, clerk of the Superior Court, then gave her an order on the James Walker Memorial Hospital to deliver the child to Mrs. MacRae.

The morning after the announcement was made that Major Harriss was seeking a home for the baby, ladies about town kept his office telephone jingling making inquiries and before the morning had past, Mrs. MacRae made the necessary arrangements. She told Major Harriss that she thought it would be a fine work to raise and educate the little girl. Major Harriss declared that it was certainly an excellent thing for the child to get such a good home.

Infant Daughter Dies.

Alice Elizabeth Smith, infant daughter of Mr. and Mrs. J. L. Smith, of Middle Sound, died yesterday morning at the home of her parents at 8:05 o'clock. Funeral services will be held at the residence this afternoon at 4 o'clock.

Specials For Saturday

REV. AND MRS. W. M. CRAIG ARE GIVEN HANDSOME PURSE

Rev. and Mrs. W. Marshall Craig were pleasantly surprised last evening when they were presented by a number of their friends with a handsome box in which were bright gold pieces amounting to $100, this being an expression of appreciation from those living at Mrs. C. M. Weathers, No. 117 North Third street, where Mr. and Mrs. Craig have been boarding since they came to Wilmington.

The presentation of this substantial remembrance was made by Mr. J. H. Hughes, who spoke very feelingly of the pleasant relations that had existed between the friends making the presentation and Mr. Craig and his devoted wife. Mr. Hughes assured them that it was indeed a pleasure for him to have the honor of presenting the gift. Mr. Craig expressed his very sincere and cordial appreciation of the gift and thanked Mr. Hughes for his kind words, stating that this evidence of true friendship was worth more than any money or material things.

After the presentation those present at the home enjoyed a very pleasant hour while Miss Carrie White played favorite selections on the piano.

Y. W. C. A. LEADERS PLAN SPECIAL WORK FOR SUMMER

One of the novel and useful features of the Wilmington Young Women's Christian Association is the organization of what are known as "Eight-week" clubs which will undertake during the summer some definite form of work. Each of the clubs will have a leader who will direct the work of the members. This work to be done will be determined by the members and may comprise the study of some special subject or the undertaking of a particular and definite project. Several of the clubs have already been formed and the members are already at work.

There will be a meeting of the leaders at the Y. W. C. A. on next Thursday morning at 10:30 o'clock. Miss Elizabeth Thames is chairman of the leaders' council and Miss Gordon Thompson is secretary. The other members are: Misses Pauline Williams, Catherine Russell, Mary Hall, Ruth Brown, Fannie Starr Mitchell, lorence Renneker, Edelweiss King, Mary Worth and Anna Troutt.

All the club leaders are either college graduates or now engaged in taking college courses.

After thoroughly considering the entire field in the city the Council decided that the need seemed to be greater in the following sections Southside, Winter Park, Delgado, Wrightsville Sound and Greenfield Sound. One group has also been formed among the younger High school girls in the city.

DR. JOHN TODD ANDERSON WEDS MISS MINNIE CLAIRE MIDDLETON

Warsaw, N. C., June 30.—Johnson's Baptist church was the scene of a marriage of much interest in this and several other states, Thursday evening at 6 o'clock, when Miss Minnie Claire, daughter of Mr. and Mrs. Leonidas Middleton, became the bride of Dr. John Todd Anderson, of New York.

The church was elaborately decorated with trailing festoons of smilax, ivy and clusters of native pine and banks of ferns, while numbers of candelabra held softly glowing candles.

The wedding music was rendered by Miss Margaret Carlton, who used Lohengrin's Wedding March as a processional, and Mendelssohn's as the recessional, and "A Dream" by Bartlett while the ceremony was being performed. The bridemaids Misses Margaret Kennedy, of Warsaw, and Ruth Anderson, of Spartanburg, S. C., attired in embroidered white net over taffeta, and carrying sweet peas, entered with the ushers, Messrs. Gordon Middleton, brother of the bride, and William Anderson, of Spartanburg, brother of the groom.

Little Miss Dixie Middleton, in white lingerie frock and carrying a basket of roses, and Master Ruskin Anderson in white suit, bearing the ring, preceded the bride, dressed in white crepe de chine embroidered in pearls, carrying a shower bouquet of roses, leaning on the arm of her sister, Miss Lucy Middleton, dressed in white embroidered net over taffeta, and carrying sweet peas The bride was met at the altar by the groom, attended by his best man, Dr Quisenbury, of New York, and they were united in marriage by Rev. A. O. Moore.

Dr. and Mrs. Anderson left on the north-bound train for New York, where they will reside for a few months, after which they will sail for China, Dr. Anderson having fitted himself for the duties of a medical missionary. Mrs. Anderson is well prepared to assist him in this work, having made a study of mission work, and holding an important position as missionary worker with the Baptist church.

There were present a large number of friends and relatives of the contracting parties from a distance.

MISS LEITHA LANCASTER IS BRIDE OF DR. J. E. HOLT

St. Pauls, N. C., June 30.—Miss Leitha Lancaster, daughter of Mr. and Mrs. D. B. Lancaster, and Dr. J. E. Holt, of Cherryville, were married in the Baptist church here Wednesday at 10 o'clock. Rev. Fred Collins, of Clinton, performed the ceremony and used the impressive ring service.

The church was attractively decorated in green and white with touches of lavender and yellow. The back and sides of the pulpit were latticed in white with vines trailing over them. A large hoop with lavender ribbons and yellow hearts was suspended from the ceiling under which the bride and groom stood.

Mr. J. A. Johnson very impressively sang "To Know You Are Faithful," followed with the "Bridal Chorus," from the "Rose Maiden," sung by 14 young ladies dressed in pure white. Miss Laurane Joyner played the accompaniments to both of these selections. Then with Miss Pearl Cobb at the piano, to the strains of wedding march from Lohengrin the bridal party entered in the following order: Ushers ,Messrs. Hallie Seawell and G. R. Thagard, Carl Fletcher and Robert Lancaster; the bridesmaids, Miss Josephine Evans and Miss Lattie Rhodes and the dames, Mesdames J. C. Lentz, Ed McNair, Dan Marley and Dr. T. H. Olive. Then came little Ed Thagard and Laura Northrop, dressed in white, carrying a lavender and a yellow pillow which they placed for the bride and groom to kneel upon. Next came the ring bearer, Surles Lewis, carrying the ring on a silver tray, followed by the maid of honor, Miss Clyde McNair. Next came the bride in a lovely creation of white taffeta and Georgette crepe with veil en train and carrying a shower bouquet of bride roses and lilies of the valley, who entered on the arm of her father and was met at the altar by the groom and his best man, Prof. F. W. Orr, of Charlotte.

"To a Wild Rose," was played during the ceremony and Mendelssohn's wedding march as a recessional. The maids of honor wore a large lace hat with a yellow bow, a lingerie dress with yellow girdle and carried white carnations tied with yellow tulle. One-half the bridesmaids and dames wore lavender flowered lawns, lace hats with lavender bows and carried white carnations tied with lavender tulle, while the others wore yellow flowered lawns, lace hats with yellow bows and carried white carnations, tied with yellow tuttle.

The bride is an attractive young woman and has the past three years been the efficient teacher of music in the Cherryville Graded school. The groom is a prominent young dentist at Cherryville. Dr. and Mrs. Holt amid showers of rice, left on the 11 o'clock train for Burlington, where they will visit Dr. Holt's parents, after which they will be at home in Cherryville.

Among the out-of-town guests here for the wedding were: Mr. and Mrs. J. W. Holt and Mrs. J. S. Frost, of Burlington; Mrs. Fletcher, Miss Mary Fletcher, and Carl Fletcher, of McColl, S. C.; Prof. F. H. Orr, of Charlotte, and Mesdames Ed McNair, Dan Marley and Ed Lewis and Miss Pearl Cobb, of Lumber Bridge.

On Tuesday evening, June 27, Mr. and Mrs. D. B. Lancaster entertained the bridal party and a few other friends. Cream and cake were served and in cutting the bride's cake Miss Ethel DuRant won out the ring, Miss Lattie Rhodes the thimble, and Miss Berta Butler the thimble.

The young ladies in the bridal chorus gave Miss Lancaster a handsome linen shower at the home of Miss Lattie Rhodes, Miss Rhodes, Miss Josephine Evans and Mrs. J. C. Lentz greeted the guests as they arrived and seated them on the vine covered porch. Hand-painted booklets containing a floral wedding contest were distributed and each guest at once became busy. Mrs. J. B. Evans won the prize, a "White House" cook book and in a very graceful manner presented it to Miss Lancaster.

Miss Lancaster was then invited to the side porch where an immense yellow rose covered "bell," with lavender ribbon was suspended. Miss Mary McLane "rang" the bell and a beautiful shower of linen came forth. Lavender and yellow cream and cake were served.

LIGHTNING STRIKES HOUSE

Chimney of Residence Was Cut in Twain But No One Was Hurt.

While the rain and electrical storm in Wilmington was at its height yesterday afternoon at 3:30 o'clock, the residence, occupied by Mr. A. T. Merritt and owned by Mr. E. Chadwick, at No. 419 Swann street, was struck by lightning, the chimney being split open almost all the way down. While several members of the family were in the next room, fortunately none of them suffered any ill effects from the stroke .

The Fire Department was notified by telephone as it was feared that the house would catch fire and, although it was raining terrifically at the time, the firemen quickly responded but found nothing except a litle moke.

DR. W. J. McGLOTHLIN WILL SPEAK AT LOCAL CHURCHES

Will Preach in Morning at Southside and at Night at Calvary Church.

Dr. W. J. McGlothlin, of Louisville, Ky., will preach at the morning service at 11 o'clock at the Southside Baptist church tomorrow morning, and in the evening will deliver a sermon at the Calvary Baptist church.

Dr. McGlothlin is professor of church history at the Southern Baptist Theological Seminary at Louisville. He is also an author of note. His lectures at the Baptist Seaside Assembly during the past week have bee nboth entertaining and highly instructive.

—Mr. Heman Shaw, principal of the Wilmington High School, leaves this afternoon for Bryson City, where he will spend the next two months at Camp Cherokee, of which he is one of the managers. He will be accompanied by several Wilmington boys, who will spend some time at the camp, which is annually visited by several hundreds boys from all parts of the South.

DR. WHARTON'S LECTURE ON HOLY LAND PLEASES

Speaker's Rare Humor Again Delights Seaside Assembly

Large Crowd of Delegates and Visitors Expected to Attend Great Concert at Auditorium Tonight, the Closing Event.

Dr. H. M. Wharton, of Baltimore, again delighted the delegates and visitors to the Baptist Seaside Assembly last night with an original and humorous lecture in which he gave an account of his trip with a party of pilgrims on horseback through the Holy Land. His humorous accounts of the incidents of the trip and the apt jokes with which he illustrated his points from time to time convulsed the house.

The fact that his guide had shown him the wheat field where Boaz is said to have courted Ruth, suggested to the speaker that the lovers in the Bible were just as foolish when they started to talk love to a woman as they are today. He cited the case of Jacob, who having met Rachel for the first time at the well, kissed her and then lifted up his voice and wept. "The poor idiot," was the speakers comment.

Of Jaffa, the chief port of Palestine, he said: "The houses were strange looking affairs to our American eyes. They were one-story high, flat-topped and with staircases on the outside. The streets were as narrow as a church aisle, is you succeeded in dodging the camel, you were bound to step on a dog and in getting off the animal's feet you were sure to knock a blind beggar down."

Jerusalem, the speaker stated, is a walled city of some 50,000 inhabitants, which has been destroyed and rebuilt seventeen times since Christ was on earth. It has no street lights and no carriages or other vehicles are allowed in the streets on account of their narrowness, he added.

Musical Programme.

Last night Miss Katherine Johnson rendered a very attractive programme of classical selections which included "Thy Sweet Voice" from the opera "Samson and Lelilah," by Saint-Saens, "Melisande in the Woods," Goetz, and "Beauty's Eyes," by Tosti.

The Acme Quartette also rendered a very delightful programme of gospel hymns, which included "Shall We Meet?" and "The Wayside Cross." Dr. John Jeter Hurt, in thanking the members of the Quartette for their valuable assistance in making the Assembly a success, related something of the history of their organization. He stated that the Quartette was organized 14 years ago and was known all over this section of the State as gospel singers.

Today's Programme.

The feature of the programme today will be a Chautauqua concert tonight at 8:30 o'clock a big chorus, composed of both local and outside talent, under the direction of Miss Cannie Chasten. This splendid concert which is expected to attract a crowd which will tax the capacity of the big auditorium will bring the session of ther Assembly to a close.

The principal address of the morning will be delivered at 11:50 o'clock by Dr. Hubert Poteat on the subject of "Sunday School and Church Music." Others who will take part in the morning programme are Dr. W. J. McGlothlin,, Prof. L. P. Leavell, Dr. Livingston Johnson, Miss Macy Cox, Mrs. I. P. Hedgepeth.

Just Before Dr. Wharton's address last night the following were appointed by Dr. Hurt to draw up suitable resolutions in connection with the Assembly: Dr. Charles E. Brewer, of Raleigh; Mr. L. R. Varser, of Lumberton, and Mr. T. A. Avera, of Rocky Mount.

Morning Session.

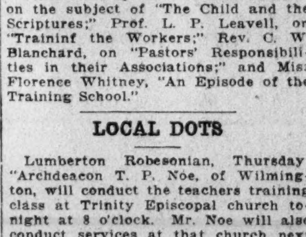
One of the features of the morning session yesterday was splendid address by Dr. Wharton on "The Spiritual Needs in Business Life." Dr. W. J. McGlothlin delivered an interesting lecture on the life of the Apostle Paul, using as his theme, "Paul, the Prisoner of the Lord."

Mrs. Alexander Miller gave a highly interesting Mission Study Demonstration in which she showed her methods of teaching the Bible lessons to the young children of the Sunady school by means of interesting them in the subjects with pictures, demonstrations, sketches, charts, etc.

Others who spoke were Miss Pickard, on the subject of "The Child and the Scriptures;" Prof. L. P. Leavell, on "Traininf the Workers;" Rev. C. W. Blanchard, on "Pastors' Responsibilities in their Associations;" and Miss Florence Whitney, "An Episode of the Training School."

LOCAL DOTS

Lumberton Robesonian, Thursday: "Archdeacon T. P. Noe, of Wilmington, will conduct the teachers training class at Trinity Episcopal church tonight at 8 o'clock. Mr. Noe will also conduct services at that church next Sunday at 11 o'clock a. m., and 8 o'clock p. m. The public is invited to attend these services."



The girl with a clear skin wins

If you, too, are embarrassed by a pimply, blotchy, unsightly complexion, just try

Resinol Soap

regularly for a week and see if it does not make a blessed difference in your skin. In severe cases a little Resinol Ointment should also be used. Resinol Soap helps to make red, rough hands and arms soft and white, and to keep the hair healthy and free from dandruff. Contains no free alkali.

Resinol Soap and Ointment heal eczema and similar skin-eruptions and usually stop itching instantly.

Wrightsville Beach

Mr. and Mrs. Charles C. Hook, and family, of Charlotte, are guests at the Hanover Inn.

Mr. and Mrs. Duncan McKenzie and family, of Timmonsville, Ga., are guests at the Seashore Hotel.

Mr. and Mrs. J. G. Patterson and Miss Mary Patterson, of Thomasville, Ga., are guests at the Hanover Inn for a few days.

"Miss Annie Todd, of Charlotte, who has been visiting Mrs. W. S. Shelor, 128 New Bern avenue, left yesterday for Wrightsville."

Rev. John M. Wells, D. D., pastor of the First Presbyterian church, will preach in the chapel near Station 2, Sunday at 8:30 in the evening. A cordial invitation is given to all to attend these services.

Lumberton Robesonian, Thursday: "The following Lumberton attorneys are attending or have attended for a day or so and returned, the State Bar Association at Wrightsville Beach this week: Messrs. A. W. McLean, R. C. Lawrence, L. R. Varser, J. R. McLean, H. J. Singleton, E. J. Britt and W. Lennon."

The many friends of Mr. and Mrs. Harry Stearns and daughter, Miss Marion Stearns, of Atlanta, Ga., will be delighted to know that they will return to the beach again this summer. Mr. and Mrs. Stearns have engaged reservations for a party of 15 at the Oceanic hotel for the season. They will arrive next Friday and will remain until the middle of August.

Among the arrivals at the Oceanic hotel yesterday were: Miss Mary Cox, Magnolia; S. H. Massey and O. D. Bartlett, Atlanta; Mrs. H. C. Bridger and Mrs. M. C. Bridger and Miss Annabel Bridger, Bladenboro; M. M. Tarley, Paducah, Ky.; Miss Lilly Rigsbee, Durham; Mr. and Mrs. J. H. Edwards, Jacksonville, Ala.; C. A. Perry, Charlotte; T. B. Wilbon, New York.

Among the arrivals at the Seashore Hotel yesterday were: W. R. Barringer and Miss Flora Barringer, Florence, S. C.; Mrs. A. R. Griffin, Anthoney, Ala.; Mrs. W. H. Hagood, Charlotte; M. M. Farley, Paducah, Ky.; Mr. and Mrs. W. J. Lee, Clinton; Misses Annie Todd and Frances Berryhill, Charlotte; L. T. Wilson, Richmond, Va.; T. J. Foote, Wilson; Mr. and Mrs. F. B. Able, Leesbille, S. C.

The second session of the non-denominational Sunday school to be held this summer in the chapel near station 2 will be at 9:30 o'clock tomorrow morning. There were 68 enrolled at the first session last Sunday and it is expected that it will be much larger tomorrow. All the people on the beach are cordially invited to attend. Mrs. Cuthbert Martin is superintendent and Mr. John Bonitz is president. Mrs. Butt has very kindly consented to act as organist. The following have offered their services as teachers in the school: Mrs. James C. Munds, Mrs. Richard Grant, Miss Carolyn Northrop, Mrs. Henry MacMillan, Mrs. John R. Hanby, Miss Marie Bonitz and Miss Jane Hall.

Among the guests at the Georgia cottage this week were: T. W. Harrelson, Winnabow; Mr. and Mrs. V. G. Carley, Rose Hill; Meises Mary Watson, Martha Watson and Kate Watson, Wagram; Rev. W. H. Reddish, Wadesboro; James I. Kendrick, Wake Forest ;Rev. Dr. and Mrs. T. W. O'Kelley, and Miss Mary and illiam O'Kelley, of Raleigh; Misses Nellie and Meta Cutliff, Albany, Ga.; Miss Sallie Rigsbee, Durham; Mr. and Mrs. R. C. Council, Mooresville; Mrs. W. M. Williams, Durham; H. G. Cox, Raeford; Mr. and Mrs. C. H. Cashwell, Beulahville; J. M. Page, Troy; T. L. Collier, Whiteville; L. C. Williams, Ahoskie; J. L. Carlton, Warsaw; C. H. Norris, Holly Springs; J. D. Wallace, Hallsville.

PERSONAL PARAGRAPHS

—Among the arrivals at the Imperial Hotel yesterday were: A. O. Fussell and wife, Rose Hill; G. S. Hudson, Hamlet; B. S. Koonce, Chadbourn; A. K. Goodman, Mt. Olive; R. J. Hester, Elizabethtown.

Carry the whole family to Carolina Beach and spend the Fourth. Steamer Wilmington leaves 9:00 and 2:30. (Advertisement).

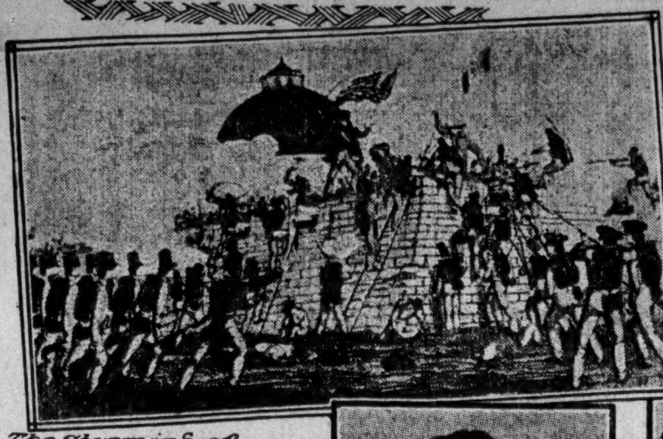
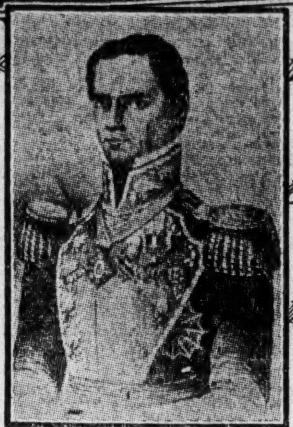
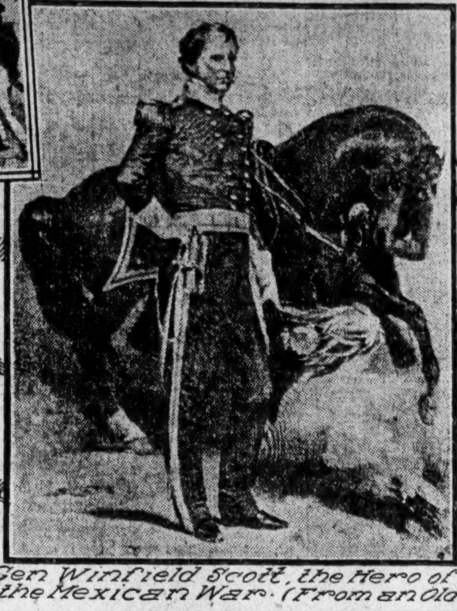
MEXICO, THE TROUBLE MAKER



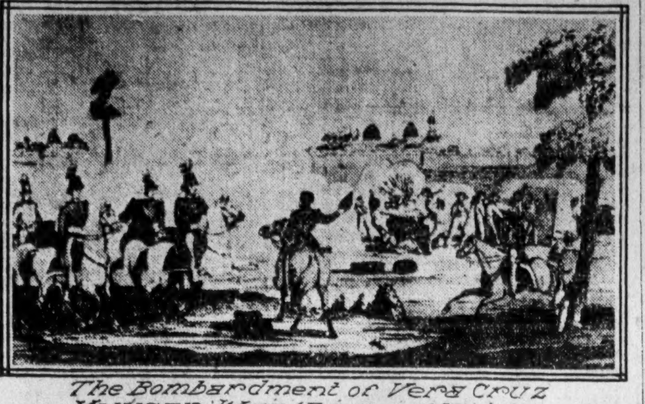
The Storming of Chapultepec (From an Old Print)



D Antonio De Santa Anna, General-in Chief, of Mexican Army-Mexican War (From an Old Print)



Gen Winfield Scott, the Hero of the Mexican War. (From an Old Print)



The Bombardment of Vera Cruz Mexican War (From an Old Print)

For More Than a Century the Country South of the Rio Grande Has Been a Source of Trouble To the U. S. Through Its Internal Revolutions and Difficulties With This and Other Lands.

Copyright, 1916, by The International Syndicate.

THE discordant, almost anarchistic, condition in Mexico for the last few years has been a source of much embarrassment to the Wilson administration, as well as affording the occasion of much diversity of opinion among the American people as what that administration should do toward correcting the disgraceful scenes being enacted in that bandit-ridden country.

The United States was the first country to recognize the independence of Mexico in 1822, and she resolved to secure recognition for the country by the European powers as well.

The independence of Mexico did not bring peace to that land, for one ruler succeeded another in rapid succession, always with more or less bloodshed. Of all the Mexican schemers the one best known to the United States is Santa Anna, who was the leader in our war with Mexico.

Texas Part

Texas soon began to play a part in Mexican history, and in 1830 the forty thousand white residents of Texas found themselves being tyrannized over by the Mexican Government. Citizens of the United States were not allowed to own land in Mexico and troops were sent to Texas to enforce various laws which worked a hardship to the colonists. There were several encounters between these troops and the Texans, although war for a time blew over, but in 1835 the trouble was renewed when Santa Anna set out with his men to reduce the rebellious colonists. The famous siege of the Alamo was one of the historic episodes of this war. The decisive battle, however, was fought on the banks of the San Jacinto river on the twenty-first of April, 1836, when Santa Anna brought five thousand Mexicans against eight hundred Americans—the latter under the leadership of General Sam Houston. The Mexican dictator was defeated, captured and forced to acknowledge the independence of Texas. Several of the European nations, as well as the United States, recognized the little republic. Next we find Texas begging for admission into the Union. Slavery was already becoming a factor in our political life and Van Buren, who was the Chief Executive at that time, thought that it meant the widening of the slave territory and for a time Texas was denied her ambition.

War With Mexico

Finally, in 1843, when the subject came up again, Mexico issued a warning that she would regard the admission of Texas into the United States as a signal for war. Texas, however, was admitted and the United States prepared to defend her rights.

On May 9th, 1846, the first real battle was fought at Palo Alto. The Mexicans outnumbered our troops three to one. The scene of the conflict shifted the next day to Resaca de la Palma. On May 11th President Polk received news of this battle, and two days later there was a declaration of war.

Then came a lull in hostilities for a time, while both sides prepared. General Winfield Scott, the head of the army, soon collected a large force of men—the largest ever recruited up to that period of time, in all ninety-seven thousand. General Scott landed with his army at Vera Cruz on March 9th, 1847, and planned to work his way to the capital while General Taylor was going through the northern part of the State. At Buena Vista General Taylor met Santa Anna and his men, and it was during this battle that General Taylor gave his famous command—"A little more grape, Captain Bragg!" It is recorded that Captain Bragg then loaded his guns with grape and turned the tide of battle in favor of the Americans.

Northern Mexico had now been conquered, and it remained for General Scott to lead our men to victory in the Southern part. This he did in his desperate assault on the fortress of Chapultepec. There the fight was of a most determined nature, and the hand-to-hand combat as the Americans stormed the citadel are historic for the bravery and daring of our soldiers. The march into Mexico City was peaceful, and after two years' fighting the United States had subdued the trouble maker.

Under the terms of peace Mexico ceded the provinces of New Mexico and California and gave up all claim to Texas. The United States, however, paid Mexico $15,000,000.00 for the ceded territory. The war cost our country $156,000,000.00 in actual expenses.

This war was scarcely over before the Mexicans were fighting among themselves again and a civil war seemed imminent. Santa Anna came into prominence again and declared himself the Perpetual Dictator. This was in 1853. The dictatorship ended in August, 1855, when he was compelled to flee to Cuba.

Benito Juarez, an Indian belonging to the Zapoteca tribe, came into prominence in Mexico by "reform politics." Unquestionably he was one of the most remarkable men Mexico has ever produced. He knew Mexican politics perhaps better than any of his predecessors and his reform began with the Church, consequently, the acts of Carranza along these lines show that history is merely repeating itself. It is said that Juarez "nationalized" church property to the value of $20,000,000. This brought on another civil war, and as usual left the country poorer than ever.

The nationalizing of church property was quickly followed up by a decree suspending for two years payment on all foreign debts. The national debt at that time amounted to about $10,000,000, divided between England, Spain and France. The debt was all founded upon usurious or fraudulent contracts, and when payment was suspended the creditor nations broke with Mexico and Napoleon III of France proceeded to carry out a plan whereby he could secure a triumph over Juarez. At his request a conference of the creditor nations was held in London which resulted in a decision of the creditors to seize the Gulf ports of Mexico and use the customs duties to pay off the indebtedness. They did not wait to learn the views of the United States on the subject, although they sent our country an invitation to join the expedition. Juarez arranged a meeting with representatives of the creditor nations and soon discovered that instead of intervention the move on the part of the foreigners was an invasion.

The Civil War was at that time engaging the attention of the United States, and the French were confident that the Confederates would win and become an ally of Mexico and with them fight the Monroe Doctrine which was worrying the foreign countries. After the foreign soldiers had landed in Mexico the plans of the French became known and the English and Spanish soldiers withdrew. There was a battle and General Forey assumed the reins of Government. Juarez was deposed and the French took charge of the capital and made ready to form a Government according to the plans of Napoleon III. Maximilian, the second son of the Archduke Francis Charles of Austria and a brother of the Emperor Francis Joseph was chosen as the ruler. The sincerity of the rulers was unquestioned, for Maximilian set himself about to restore law and order, while his wife devoted herself to the welfare of the poor. Both the Emperor and Empress were devout Catholics and the churches which had suffered through Juarez were restored to favor, and for a time all went well. But Mexican politics again came to the front and the Second Mexican Empire went down like a house of cards. The Civil War was now over and Washington announced her determination to enforce the Monroe Doctrine. France agreed to withdraw her soldiers from Mexican soil. This threw the Emperor into a panic and he wished to abdicate at once and return to Europe, but the Empress persuaded him to remain and permit her to go to Europe to plead with the powers. The mission was a failure and the Empress became insane, and a short time afterward Maximilian was executed.

Troubles Always

Juarez was again triumphant, being elected President, a position which he retained until his death in 1872. This was followed by another revolution which continued with more or less activity until General Porforio Diaz came to the office of Chief Executive. This man ruled Mexico with a despotic hand until finally a revolution drove him into exile, where he died. Then came Madero, a man entirely unfitted for the position. His assassination brought Huerta to the front and started fresh troubles for the United States. How this has continued year after year is too well known to need repetition here, suffice it to say that hundreds of our citizens have gone to their deaths while trying to live in peace in that troublous land, which for the past century has refused to settle their public questions for themselves or to permit others to settle these questions for them.

How long will this anarchistic land to the South of us remain the trouble maker of the Western Hemisphere?

CRAIG ISSUES A SHARP REPLY TO JUDGE CLARK

Says He Forms His Conclusions and States Facts Accordingly

Says if Judge Clark had Seen His Statement he Surely "Would Not Have Misrepresented Me or Misquoted Me."

(Special Star Telegram).

Raleigh, N. C., June 30.—Governor Craig issued a sharp reply this afternoon to the criticism by Chief Justice Walter Clark, of the Supreme court, of his appointment of Miss May F. Jones as his private secretary, as carried in newspaper dispatches from Wilmington this morning. After commenting that he read Chief Justice Clark's statement in the newspapers and did not have it "shown" to him and that the Chief Justice seems piqued or irritated and masked his criticism with a smile and disavowal of intent to criticise, the Governor continued:

"Judge Clark has his own peculiar way of reasoning. Some men reason from facts to conclusions. He forms his conclusions and states his facts accordingly.

"He never lacks witnesses. His living witnesses are, however, nameless.

"The witnesses that he names are always dead. In various disguises, when necessity requires, he has brought out his old standby from the 'coves of Yancey.'

"Judge Clark was mistaken when he said he was shown my statement made when the private secretary was appointed. For if he had seen the statement he surely would not have misrepresented me or misquoted me.

"Those favoring woman suffrage in North Carolina, except Judge Clark, and those opposing it have seemed to approve my appointment without any reservation and without any necessity to protest that their approval was not intended for criticism. It gave me pleasure to make this appointment because it was just and deserved. My views on woman suffrage are well known. The appointment of women is no new thing in my administration. Just and courteous treatment is not dependent on suffrage. Judge Clark has talked a good deal about woman suffrage and urged others to appoint them to places. What has he done along this line?"

LUMBERTON LIGHT FAILS

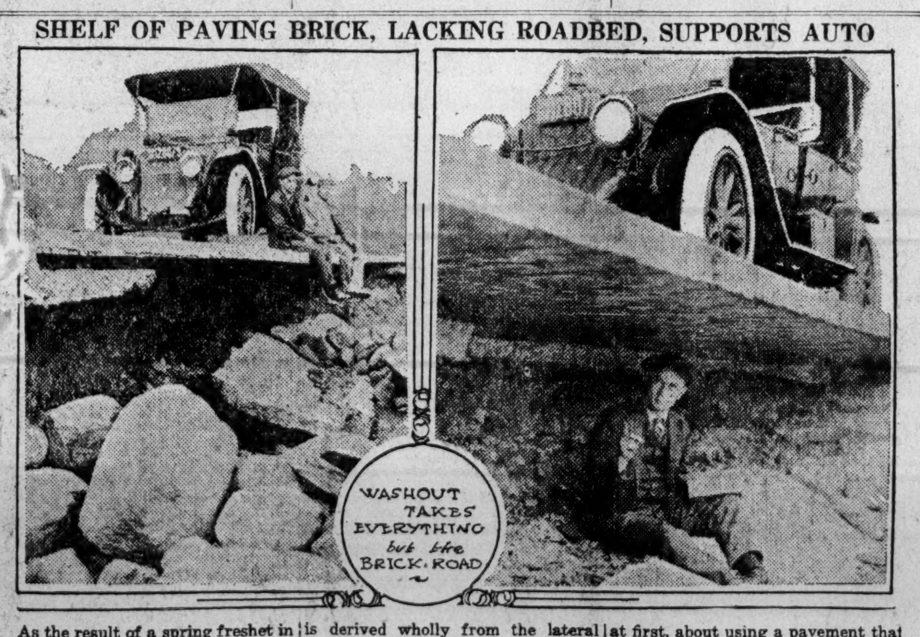
Electric System Put Out of Commission by Lightning.

(Special Star Telegram).

Lumberton, N. C., June 30.—During a thunderstorm here this afternoon about four o'clock lightning struck the town light plant, putting it out of commission. Superintendent McNeill says there will be no more electric light until connection can be made with Yadkin power, which it is hoped can be done by tomorrow night, but it is doubtful.

Washington, June 30.—Dr. Francis Sorrel, medical director of the General Hospital at Richmond through 1865, an dfrom 1849 to 1856 an assistant surgeon in the United States army, died at his home here today. He was born in Savannah, in 1827. Funeral services are to be held at Roanoke Sunday.

SHELF OF PAVING BRICK, LACKING ROADBED, SUPPORTS AUTO



As the result of a spring freshet in Killbuck creek, some sixty square yards of brick paving are doing duty near Wooster, O., undisturbed by the fact that the roadbed beneath is missing.

This shelf of grouted brick, in one place six feet in width, supports a loaded automobile without the slightest sign of yielding. The concrete base has fallen away and the strength of the remaining structure is derived wholly from the lateral cementing of the brick. Engineers pronounce it a remarkable demonstration of the beam strength to be attained by properly grouted brick.

The freshet that caused the damage overflowed the road for many hours. When the water receded, the embankment had been washed away for several hundred feet. For a distance of sixty feet the roadbed was undermined and the concrete base missing. Not a brick, however, had been disturbed. Traffic was cautious, at first, about using a pavement that had no roadbed beneath it, but confidence was gained with each succeeding trial and so far no warning sign of any sort has been placed upon the road and it is in use exactly as before the accident. Engineer Randall Barrett, of Wayne county, faces the unusual task of putting a roadbed under a pavement, instead of a pavement upon a road.

Between 225 and 250 miles of brick pavement is now under contract or proposed to be built in Ohio this year.

SUNDAY SERVICES

St. Andrew's Presbyterian church, corner Fourth and Campbell streets, Rev. A. D. McClure, D. D., pastor: Preaching in the morning at 11 and in the evening at 8. Sabbath school at 9:45. Junior Christian Endeavor at 4 in the afternoon. Prayer meeting Wednesday evening at 8. Beginning this Sunday the evening service will be in charge of the Christian Endeavor. The public is cordially invited to all services.

CUMBERLAND DEMOCRATS WIRE

Want Senator Simmons to "Keep Hands Off" Sixth District Contest.

(Special Star Correspondence).

Fayetteville, N. C., June 30.—A telegram warning Senator F. M. Simmons to "keep his hands out of" the Sixth District congressional fight has been sent the senior North Carolina senator by eleven Cumberland county friends of J. A. Brown, Congressman Godwin's opponent in the second congressional primary to be held tomorrow.

The telegram is as follows:

"Senator F. M. Simmons, Washington, D. C.:

"Unless you want to alienate some of your strongest friends and supporters you had best keep your hands out of the Sixth District congressional fight.

(Signed) "J. D. McNeill, A. D. McGill, A. McBuie, J. H. Culbreth, W. F. Smith, Fred D. Williams, N. S. McArthur, Colin Shaw, Lon Downing, W. C. Davis and W. C. Ewing."

Both Col. George McNeill, manager for Mr. Brown in this city, and H. L. Cook, Mr. Godwin's manager, said today that they expected to carry Cumberland in tomorrow's primary. Both sides appear confident and nothing can be foretold as to the result until the ballots are counted tomorrow night.

NATIONAL BANK DEPOSITORS INCREASED OVER 86 PER CENT.

South Shows Largest Percentage of Increase Since 1910.

Washington, June 30.—Tables completed today by the Comptroller of the Currency show that the total number of depositors in National Banks increased from 6,690,468 at the time of the las compilation in 1910, to 12,288,059 on May 1, last, an increase of 86 per cent. The Southern states showed the largest percentage of increase, the number of depositors growing from 1,272,746 to 2,814,508, or 121 per cent. The total number of deposit accounts reported by state banks and by loan and trust companies was 15,814,446.

Tennessee showed the largest percentage of increase of all the states with 251 per cent. South Carolina was second with 217 per cent.; Virginia was fifth with 155 per cent and North Carolina sixth with 162 per cent.

NAVAL BILL REPORTED

An Increase of Three Capital Ships Over House Provisions.

Washington, June 30.—The Naval bill, containing the increased building programme agreed on by the Naval committee, was reported to the Senate today. It carries an appropriation of $315,836,843 for 1917 and contemplates a total expenditure of $588,180,576 for construction during the next three years. The measure carrier $250,000 for building a Neff submarine as an experiment. The ships authorized for 1917 include four battle cruisers and four dreadnaughts, an increase of three capital ships over the provisions of the bill as it passed the House.

Get your white canvass and Palm Beach oxfords and slippers at Peterson & Rulfs. (advertisement).

FORTIFICATIONS APPROPRIATION BILL PASSED BY THE SENATE

Total Reduced From $34,300,00, As Passed By House, to $26,500,000.

Washington, June 30.—The Fortifications appropriation bill, one of the administration's three big defense measures, was passed by the Senate today and sent to the House for conference. Its total had been reduced from $34,300,000 as it passed the House to $26,500,000. The bill provides for both coast and field artillery, ordnance and ammunition. Last year's apropriation was $17,000,000. The Senate retained the House amendments providing three quarters of a million dollars for the purchase of an invention by John Hays Hammond, Jr., for wireless control of torpedoes if the invention meets government tests and the approval of the President, and also adopted a House provision disapproving of speeding up tests in government arsenals.

The Senate added $4,000,000 to the bill for ammunition.

LOWER HOUSE OF THE DUMA VOTES FAVORING PROHIBITION

Would Stop Sale of Drinks Over One and Half Per Cent. Alcohol.

Petrograd, (via London), June 30.—The Duma today passed the bill permanently prohibiting the sale of drink containing more than one and one-half per cent. of alcohol. The measure must be passed by the upper house and signed by the emperor before becoming a law.

According to the bill, strong drink means any liquor containing more than 1 1-2 per cent. alcohol, and, therefore, includes light wines and beer. Amendments proposing a change in the definition of "strong drink" to liquor containing more than eight and even 13 per cent. of alcohol were summarily rejected by the Duma, and the bill was passed in its exact form as drawn up by the committee.

Passage of the bill by the upper house and its approval by the emperor would mean that all Russia will become a strict prohibition country.

GENERAL MANAGER C. & O.

J. Paul Stevens, son of President Stevens, is Appointed.

Richmond, Va., June 30.—J. Paul Stevens, son of President George W. Stevens, has been appointed general manager of the Chesapeake & Ohio Railway, the president announced today. The appointment is effective tomorrow. The new general manager was general superintendent of the central general division, and L. B. Allen is named to succeed him in that position. The post of general manager of the road had been vacant for some time.

NOTICE!

The Freight Warehouses of our Companies in Wilmington, N. C., will be closed Tuesday, July 4th, 1916, except between the hours of 9:00 and 10:00 A. M., for the delivery of perishable freight only.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Is Harmless To Clean Your Sluggish Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

HERE IT IS!!!

THEATRICAL

The greatest bill of comedy you've ever seen—that's what the Bijou offers to their patrons today. Just think of it, three great reels of rousing L-Ko comedy screams and then on top of that a great two-reel dramatic gem—five reels in all, for five cents.

Billie Ritchie heads the list again today, appearing in a return playing of that greatest of all Ritchie productions, "Bill's Blighted Career," one of the greatest comedy productions ever released by L-Ko in two rousing reels. Bill is an artist and paints beer kegs and other things. He can paint a keg so realistic that when the faucet is turned the pure ember liquid will gush forth true to life. Bill's wife is a model, but instead of posing for Bill she goes out and poses for a rival artist, which causes all the trouble to commence. Peggy Pearce is the pretty wife, and others in the cast include Gene Rogers and Henry Bergman. There is two whole reels of knockabout fun such as you seldom see, an da few may remember seeing it when presented at the Bijou before.

Then comes a great single reel L-Ko, a brand new one, "Phony Teeth and False Friends" with inimitable Gene Rogers, Reggie Morris and Gertrude Selby doing the principal fun-making.

Then comes the dramatic treat of the day, a stirring two-reel Bison drama, "The Cage Man," starring pretty Roberta Wilson with G. Raymond Nye and Heyward Mack in the leading roles. a stirring two-reel drama of the underworld, full of punches and thrills. A great bill—five reels for five cents.

"One Day"—Royal Today.

That sensational fascinating love drama, at the Royal today, "One Day," from the pen of the celebrated Elinor Glyn, a sequel to her world famous novel "Three Weeks," bids fair to break all attendance records at that theatre. Many thousands in every city on the civilized globe have reveled in the sheer beauty of detail in this wonder story of a burning, passionate and resistless secret love, and these thousands and others too, will want to see the photo-dramatic version as is to be presented at the Royal today only.

Starring in this superb dramatic gem is the most notable cast of stars ever assembled for participation in a single photoplay feature, headed by that brilliant artiste, Jeanne Iver, who plays the leading role of Opal, playing opposite Victor Sutherland in the role of Paul Verdayne, while the role of Dimitri is played ably by Robert Broderick, another well known film star. Jeanne Iver, beautiful and alluring brings to the leading role a winsome beauty, a compelling personality and superb acting.

The whole world has been going wild over this most absorbing soul-stirring love drama ever produced, a six-reel production sparkling with clean, continuous, sensational romance that fills one with great thoughts and never-ending thrills. It makes a strong bid for everyone's patronage at the Royal today.

Triangle Keystone at Grand.

One of the greatest Triangle Keystone comedy productions ever seen in Wilmington is today's big two-reel top liner at the Grand theatre heading a great four-reel all-comedy bill the like of which you have never before had the opportunity of seeing.

"Stolen Magic" is the title of this rip-roaring Keystone comedy scream, and starring in it are three of the very greatest comedy stars of the world, Raymond Hitchcock, Mabel Normand and Mack Sennett himself. There is no possible way of describing this picture. Even after you have seen it words will be inadequate to describe its fast breath-snatching action. It is absolutely one of the most wonderful comedy productions ever screened. "Stolen Magic" is an appropriate title, for it looks like magic from beginning to end, so swift is the action all the way through. Mabel Normand does some of the greatest acting of her whole career in which she is ably assisted by that prime favorite, Raymond Hitchcock, with Mack Sennett, the director and creator of Triangle-Keystone comedies, himself taking an active part in the fun-making. Don't miss this—it's one of the treats of the season.

"Their Awful Predicament" is a rousing Nestor scream in which Ray Gallagher and three or four of the pretty Nestor girls take a leading part. Then there's another great comedy feature—a surprise offering which will please everyone. And it's all just five cents!

Scene From "One Day," the Spectacular and Daring Feature at the Royal To day.

Mabel Normand, Triangle Star.
Starring in the Triangle-Keystone Feature "Stolen Magic," with Raymond Hitchcock, at the Grand Today.

FAILED TO FOLLOW DIRECTIONS

Duplin Farmer Loses Four Cows Sprayed With Undiluted Tick Mixture.

(Special Star Correspondence.)

Magnolia, N. C., June 30.—Mr. J. N. Carroll, a farmer living about five miles from here, lost four cows from being sprayed with a mixture furnished by Dr. Ferrell, who has charge of the cattle tick eradication work in this section. It seems that Dr. Fosrell left the mixture with one of Mr. Carroll's neighbors for Mr. Carroll and when the latter came for the mixture the neighbor forgot to tell him that he was to use one part of the mixture and nine parts of water. Mr. Carroll, thinking that it was ready to use, sprayed his cows with it full strength and out of six cows sprayed four were dead and the other two were expected to die when last heard from.

TOBACCO ASSOCIATION ELECTS OFFICERS AND ENDS SESSIONS

Campaign Will Be Made to Increase Membership—Dues Increased.

Asheville, N. C., June 30.—The sixteenth annual session of the Tobacco Association of the United States, closed here today with the election of officers as follows: T. M. Carrington, president; G. E. Webb, secretary-treasurer; A. L. Petty, R. P. Watson and B. P. Eggleston, vice-presidents. The dues of the association were increased from $10 to $15 annually and a campaign for increased membership will be made. R. M. Smith, president Planters National Bank, Richmond, Va., spoke on "Banking In Its Relation to Tobacco." Mr. Smith said the Federal Reserve banks make currency panics impossible, money for legitimate business more abundant and interest rates more stable. They meant the independence of the South of northern money centers, who, he declared, have at their will made money tight at high rates. T. W. Mathewson, a tobacco expert of the Agricultural Department at Washington, said that the growing of Turkish tobacco in California had proved an expensive failure to the planters. The 1917 meeting place of the association was not determined.

ITS EQUIPMENT TOO LIMITED.

Burgaw-Kenansville Railroad Doesn't Have to Use Separate Cars.

(Special Star Correspondence.)

Raleigh, N. C., June 29. — The Corporation Commission makes an order exempting the Atlantic and Carolina Railroad Co. from obligation to operate separate cars for white and colored passengers. The railroad operates between Burgaw and Kenansville, a distance of ten miles, and its rolling stock is very limited, consisting only of one fifty-horse power automobile gasoline engine, one passenger car used as a trailer, and one freight car for package freight. This outfit makes two trips daily between Kenansville and Burgaw.

Norfolk, Va., June 30.—June exports from this port will break all previous records for the month. Today's total showed $4,821,778. One manifest yet to be filed will send the total to about $5,000,000.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

MILLER'S ANTISEPTIC OIL KNOWN AS
Snake Oil
Will Positively Relieve Pain in Three Minutes

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A never failing remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria and Tonsilitis.

This Oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour Ten Drops on the thickest piece of sole leather, and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed; 25c. and 50c. a bottle, or money refunded. At leading druggists.

FINANCIAL AND COMMERCIAL

COTTON HARDLY CHANGES

Market Undergoes Some Near Month Liquidation and Fluctuations are Irregular—Close Steady.

New York, June 30.—The circulation of a few additional July notices caused some near month liquidation in the cotton market here today and fluctuations were irregular. Otherwise, however, there was very little feature and after selling off to 12.91, July closed at 13.02, with the general list closing steady, net unchanged to five points higher.

The market opened at an advance of one to two points but prices turned easier right after the call. A little pressure against new crop deliveries come partly from Liverpool sources during the early trading, and new crop months worked three to four points net lower during the middle of the day. July meanwhile sold seven points under last night's closing figures, but the offerings of the near month were absorbed as the difference widened out to about twenty-five points under October, and as soon as July steadied, later deliveries rallied to a shade over last night's closing figures. General business was extremely quiet., five private crop reports were published during the day with the condition figures ranging from 78.5 to 80.6 per cent. The talk around the ring has reflected quite a general expectation that the government report tomorrow morning will be slightly under the ten year average of 80.2. Private acreage reports however, ranged from 8 to 12 per cent. increase as compared with last year.

	Open	High	Low	Close
July	12.98	13.03	12.91	13.02
October	13.20	13.22	13.16	13.20
December	13.38	13.39	13.33	13.38
January	13.42	13.45	13.39	13.43
March	13.61	13.62	13.56	13.61

LIVERPOOL COTTON MARKET.

Liverpool, June 30.—Spot cotton easy. Good middling 8.32; middling 8.16; low middling 8.00. Sales 5,000; for speculation and export 500; receipts none.

Futures steady: July 7.95; July and August 7.94; August and Septemmber 7.90; September and October 7.86½; October and November 7.82; November and December 7.77½; December and January 7.75½; January and February 7.74; February and March 7.73½; Mrach and April 7.73½; April and May 7.72; May and June 7.71; June and July 7.69.

Official noon closing: June 7.93½ value; June and July 7.93 value. The cotton exchange will close 4 P. M. July 4.

COTTON SEED OIL MARKET.

New York, June 30.—Early firmness with the strength of lard and a subsequent reaction which left final prices generally 3 to 8 points net lower, were the features in an otherwise dull cotton seel oil market today. Outside trade was light and crude oil a trifle easier. Sales 7,000 barrels.

The market closed steady. Spot 10.80 bid; July 10.80 to 10.90; August 10.80 to 10.83; September 10.70 to 10.71; October 9.74 to 9.76; November 8.85 to 8.86; December 8.75 to 8.76; January 8.75 to 8.79; February 8.77 to 8.85.

For a safe and sane Fourth, spend the day at Carolina Beach. Steamer Wilmington leaves 9:00 and 2:30. (Advertisement).

Get your white canvass and Palm Beach oxfords and slippers at Peterson & Rulfs. (advertisement).

WEEK'S REVIEW OF COTTON

Market Has Been Unsettled and Irregular—Near Month Liquidation—Some Evening Up.

New York, June 30.—The cotton market has been unsettled and irregular during the past week, owing to near month liquidation as a result of July notices, and a more or less general evening up of accounts for over the government crop report, which is to be published tomorrow. On the first notice day, notices representing nearly 30,000 bales were issued and their appearance in the street brought out a good deal of scattering liquidation. Trade interests bought the July at comparatively moderate discounts, but the weakness of the near month started liquidation in new crop postiions, particularly as the weekly report of the weather bureau read more favorably and prices broke rather sharply with July selling off to 12.90 and December to 13.27 or about thirty-five to forty-eight points under recent high levels. Offerings were not badly taken at the decline, and there were moderate rallies toward the end of the week on covering. Reports of more favorable weather conditions have been offset to some extent by complaints that boll weevil were more numerous than ever befor ein many sections, while continued showers and cloudy conditions in the infested sections are supposed to have promoted their spread and activities. No less than nine private crop reports were issued in an effort to anticipate the government's figures, ranging from 78.5 to 80.6 per cent. as to condition and averaged about 79.6, compared with 79.8 per cent. last month. The government report tomorrow morning will show the condition as of June 25 compared with 77.5 per cent. last month, and 80.2 per cent. the ten-year average. Private acreage figures have pointed to an increase of from 8 1-2 to 12 1-2 per cent. Except for the evening up of old accounts, business is said to have been comparatively quiet, with traders waiting for further export developments or a nearer view of the new crop outlook.

STOCKS GAIN AND LOSE

Representative Issues Go Up But Later Fall—More Volatile Specialties Show Heaviness.

New York, June 30.—Further gains in representative stocks, most of which were lost later, and consistent heaviness in the more volatile specialties were the contrasting features of today's professional market. Trading was on a moderate scale.

The Mexican situation was again a source of irritation, private advices indicating a revival of the recent strain reported refusal of the Mexican authorities to meet certain demands of the United States.

There were indications ,also, of more liquidation of obscure industrials and equipments.

United States Steel, which led the market throughout, and prominent rails, Like Union Pacific, Canadian Pacific, New York Central, Reading and the coalers as a whole gave the list its early upward impetus, together with the marine issues, which were again notably strong.

Mexican Petroleum was subject to combined long selling and bear attacks, but other Mexican stocks held their ground until the end, when selling became more general. Texas Company, which was up six points at the best, showed a net gain of four.

United State Industrial after erratic gains closed with a loss of 1 1-8. Motor stocks moved irregularity with war issues, at no time displaying more than slight animation.

Local banks are likely to show their first loss of cash in several weeks tomorrow. Call money ascended to four per cent, duplicating its high price of the year in connection with the mid year shifting of loans.

Except for Marine 4 1-2's, which made a new high record at 106 1-8, the bond market was irregular and featureless. Total sales par value $3,120,000.

BRADSTREET'S REVIEW

Trade and Industry Keep Moving at Rapid Pace—Army Rush Orders.

New York, June 30.—Bradstreet's tomorrow will say:

"While finishing the most active six months ever experienced, trade, as well as industry, keeps on moving at an active pace, such seasonal slack as generally intervenes at this time of year being less conspicuous than usual and in effect quite fully, if not wholly, offset by rush orders placed by the United States government for army supplies. Heavy expenditures by the government for numerous articles required to provision troops that may be needed in Mexico or along the border are reported by a number of cities and in consequence of the market for foodstuffs has stiffened, while at the same time foreign inquiries for steel, predicated upon fears that America may commandeer supplies of essential munitions, have come out with a rush. The pre-eminent fact is that ordinary interior trade in articles of every day common use is above normal for this time of the year, allowances being for whatever relaxation has recently occurred.

"Weekly bank clearances $4,315,516,000."

NEW ORLEANS COTTON

Market Dull, Acitvity Being Chiefly Evening Up Commitments.

New Orleans, La., June 30.—Cotton was dull today, the activity being chiefly of evening of commitments in preparation for the government reports on condition and acreage tomorrow. Prices showed no decided tendency, being at the best two points above yesterday's close, and at the lowest three to four points under. The close was at one point higher to one point lowyer, compared with yesterday's final figures.

After a decline of one point at the opening, bullish private condition reports and talk of too much rain sent prices up three points, but the market sagged from the middle of the da ybecause of a rumor that ocean freight rates to Liverpool out of this port had been advanced twenty-five cents to $1.50 per hundred pounds.

Cotton futures closing bid: July 12.97; October 13.05; December 13.19; January 13.28; March 13.47.

Spot cotton steady and unchanged. Sales on the spot 915; to arrive 85; middling 13.06.

COTTON SEED CRUSHED.

Census Bureau Announces Figures for the 1915 Crop.

Washington, June 30.—Cotton seed crushed from the crop of 1915 totaled 4,201,059 tons compared with 5,779,665 tons in 1914, the Census Bureau today announced. Linters obtained numbered 930,469, equivalent 500 pound bales, compared with 856,900 bales in 1914.

Seed crushed and linters obtained expressed in equivalent 500 pound bales, by states, follows:

State.	Crushed	Linters
Alabama	328,110	76,879
Arkansas	268,687	58,028
Georgia	790,917	178,248
Louisiana	138,262	31,609
Mississippi	376,036	88,287
Missouri	24,540	52,461
North Carolina	297,633	54,764
Oklahoma	229,422	54,133
South Carolina	327,662	67,785
Tennessee	226,440	57,963
Texas	1,122,705	241,462
All Other States	70,645	16,050

CHICAGO GRAIN MARKET

Excellent Field Conditions for Wheat Causes a Decline.

Chicago, June 30.—Exellent field conditions brought about something of a decline here today in the value of wheat. Notwithstanding a rise in quotations at Liverpool. The close was nervous at yesterday's finish to ¼@⅜ lower, with July at 1.01⅜ and September at 1.04⅝ to 1.05¾. Corn showed a setback of ⅝ to 1c net; oats closed ⅞ down to a shade advance, and provisions at a rise of a shade to 50c.

Grain and provisions closing:

Wheat	July	1.01⅜	Sept	1.04⅝
Corn	July	.75	Sept.	.73⅛
Oats	July	.38⅛	Sept.	.38⅛
Pork	July	25.60	Sept.	24.72
Lard	July	13.17	Sept.	13.35
Ribs	July	13.70	Sept.	13.82

Cash Grain:

Wheat—No. 2 red and No. 2 hard, nominal; No. 3 hard 99 to 1.00½.

Corn—No. 2 yellow 77¾ to 78½; No. 4 yellow 76* to 77.

GAINS ARE MADE BY THE ALLIES ON PRINCIPAL FRONTS

(Continued From Page One.)

sort (islands in the Baltic sea off Soderman Land, Sweden)," says an official admiralty statement tonight.

"After a short engagement the Russians withdrew. Despite a heavy bombardment we sustained no casualties nor damage."

REAR OF AUSTRIAN ARMY THREATENED BY RUSSIANS

Petrograd, via London, June 30.—The campaign on the southwestern front continues to hinge on the operations on the Stokhod line, where the Germans have concentrated against the right wing of General Brussiloff's army and are stubbornly defending Kovel against a Russian advance. It remains to be seen whether a successful German resistance at this point will check further progress by the southern part of General Brussiloff's forces, which having widened the breach made at Czernowitz are moving steadily towards Kolomea.

The advance toward this town (the war department has since reported the capture of Kolomea) with its five railways and is high roads threatens the rear of the Austrian army and constitutes a growing menace to Lemberg from the south and also places General Von Bothmer's army on the Stripa in a precarious position.

RUSSIANS AND GERMANS IN SEA FIGHT THURSDAY NIGHT

London, July 1.—A Reuter dispatch from Stockholm says that steamers arriving there witnessed a naval battle Thursday night 15 miles south of Landsort, which is south of Stockholm.

They report that a Russian squadron with a few torpedo boats and torpedo boat destroyers was attacked by a German fleet comprising cruisers and large warships. At the outset the Germans were unable to defeat the Russians but reinforcements were ordered and it is supposed the Russians withdrew northward.

The correspondent adds that nothing was visible from the coast of the reported battle, owing to the fog, but that gun firing was heard throughout the night and at six o'clock this morning a fresh and violent cannonade began.

THIAUMONT WORK RETAKEN FROM GERMANS BY FRENCH

Paris, June 39.—The French forces fighting in the region of Verdun have recaptured from the Germans the Thiaumont work northeast of the fortress, according to the French official communication issued tonight.

During the afternoon the Germans made efforts to expel the French from the Fort and re-entered it, but were driven out by a counter attack, the statement continues. The German losses are described as heavy.

In a statement issued earlier in the day, the French wa roffice said that in a terrific attack upon the French positions east of hill 304 in the Verdun sector, the Germans captured a fortified work in the first line of French trenches after the Germans had been literally buried under a storm of shells. The position was recaptured by a brilliant French counter attack, it was claimed. The Germans also delivered a powerful attack on the French positions in Avocourt wood and west of Hill 304 but all their efforts were declared to have been checked with heavy losses to the attackers. Considerable activity was reported on the front from Nieuport to the Aisne.

BRITISH GUNS IN FRANCE USING 1,000,000 SHELLS A DAY

British Headquarters in France, June 30, (via London).—The fourth day of the British bombardment of the German positions sees no diminuition of the volume of fire, which continues along the whole line without cessation day and night, cutting barbed wire entanglements, demolishing first and second lines of German trenches and placing curtains of fire on the roads and communicating trenches.

Cosiderably more than a million of shells a day are being expended, and there seems to be no limit to the supply of them. British infantry actions have been limited thus far to raids under cover of artillery and trench mortar fire, which ascertain the state of the German wire and trenches. The new type of British motor is capable of such rapid fire that six shots in the air at once proved highly serviceable, both in cutting of wire and the smashing of trenches.

GERMANS REPULSE ATTACKS BY THE BRITISH AND FRENCH

Berlin, via London, June 30.—Attacks by the British and French at various places along the western front yesterday and last night were repulsed by German troops, the war office announced today. The statement says that nothing of importance occurred on the northern portion of the eastern front, but the army group of Field Marshal Von Linsingen repulsed Russian counter attacks on positions which the Germans recently took from the czar's soldiers. More than 100 Russians and seven machine guns were captured!

Recounting aerial activities on the western front, the statement says that on June 27 Lieutenant Boelke shot down his nineteenth enemy aeroplane near the Thiaumont farm and that yesterday Lieutenant Parachau brought down his fifth enemy aeroplane near Peronne. A third French plane was brought down by anti-aircraft gunfire near Boureilles, in the Argonne.

ASSERTIONS IN AMERICAN NOTE REPEATEDLY DENIED

(Continued from Page One.)

bandits and return to their encampments.

"It is also true that the constitutionalist government protected American troops against the just indignation og tme populace of Parral who were aroused by their presence.

"The note of the Secretary of State, described as a convention, was simply a proposition which the Mexican government made conditionally to the government of the United States in the note of March 10 to establish reciprocity in the passage of troops in pursuit of bandits if on any other part of the frontier there should occur acts such as those at Columbus. This provisional proposition cannot be called a convention and consequently it is untrue that the constitutioalist government had repudiated any convention. What the costitutionalist government desired was to define the terms of the agreement and the conditions so as to obviate any misunderstandings which might arise between the two countries and also in any event, to satisfy the Mexican people in regard to the cause of the presence of American troops in Mexican territory.

"The United States has undertaken to abuse the terms of agreement as all acts show evidently that it did not wish to confine itself to the pursuit of the bandits."

RELEASE OF PRISONERS IS BELIEVED A PEACEFUL STEP

Chihuahua, June 30.—In official circles in Mexico City it is believed that with the release of the twenty-three United States troopers and the American guide, taken prisoners at Carrizal, a great step toward the peaceful solution of the controversy between the United States and Mexico had been taken.

This was indicated today to General Trevino in a telegram from Minister of War Obregon.

They pointed out that the first chief has received numerous telegrams from American citizens congratulating him on the prompt release of the prisoners and saying that the whole world applauded his action as tending to do more to conserve peace between the two nations than any step which he could have taken.

General Trevino today received several former "outlaw" leaders who called to offer their services to him in the event of a break with the United States. Among these were Marcelo Carveo, Manuel Medinaveita, Juan Cabral and Isaac Arroyo, all of whom have accepted fame as cavalry leaders.

General Nafarrate reported from Tampico that the Cedillo brothers, bandits, who recently have committed depredations throughout the hills in the vicinity of San Luis Potosi and the Tampico railroad, had surrendered with their arms.

NAFARRATE WILL COMMAND THE MATAMOROS GARRISON

Brownsville, Texas, June 30.—General Nafarrate, commander of the Tamaulipas division of the Mexican defacto government's army and former commander at Matamoros, arrived at the Mexican town opposite here tonight, apparently confirmed reports that he will succeed General Alfredo Ricaud as chief of the Matamoros command.

GENERAL GONZALES WILL COMMAND AT MATAMOROS

Brownsville, Texas, June 30.—It was reported in Matamoros and here today that General Pablo Gonzales, former commander of Mexico City and son-in-law of General Carranza, has been detailed to command the Mexican border opposite this section, succeeding General Alfredo Ricaut. The report could not be officially confirmed.

The almost daily arrival at Matamoros of soldiers from the south has greatly increased the strength of that garrison. More than one thousand have arrived during the last three days, it was reported. The soldiers were said to have been a part of General Nafarrate's command in southern Tamaulipas and moved to the border as a part of General Carranza's concentration measures.

ADVICES FROM MEXICO CITY STATE BREAK IS BELIEVED UNAVOIDABLE

(Continued From Page One.)

'This morning Consul Garcia telephoned me from Juarez regarding the horses and equipment taken from the men of the Tenth cavalry. I have sent Brown to Juarez to make arrangements about getting horses and equipment to this side this afternoon. Regarding the bodies, he tells me as yet he has had no answer to his telegram to General Trevino, but he believes that report in the papers regarding what General Trevino said to be correct. Papers state bodies are to be given up. The Brown referred to above is a Mormon bishop temporarily residing in El Paso.'"

The "mediators" in the War Department's statement are presumbed by officials here to be Mexican labor leaders who have been trying to prevent a break between the United States and Mexico.

ACCOUTREMENTS OF THE 23 PRISONERS ARE SURRENDERED

El Paso, Texas, June 30.—Twenty-two horses, 21 saddles and a quantity of rifles, pistols, ammunition and clothing captured at Carrizal today was turned over at the International bridge here to American military authorities. The horses were brought to the Mexican end of the structure by a peon and driven across in a drove to the American side where waiting troopers caught them. The accoutrements were handed across in a rickety wagon, an American officer signing a receipt for the property.

Military authorities here are investigating complaints made by General Francisco Gonzales, commander of the Juarez garrison, that American troops near Ysleta, Texas, last night fired across the line, killing Juan Moreno, a Mexican customs guard. Nothing was found to substantiate the complaint, it was said.

A report reached American military authorities here today that General Gabriel Gavario, commanding Northern Chihuahua, had returned to Juarez from Mexico City where he conferred with War Minister Obregon. This was denied at the Juarez commandacia, with the statement that he is expected there in a day or two.

General Francisco Bertani, formerly in command at Casas Grandes, arrived today from Central Mexico, where he had been recuperating from a severe illness.

TO ERECT FIVE-STORY BUILDING

Contract Awarded for New Structure in Fayetteville.

(Special Star Correspondence.)

Fayetteville, N. C., June 30.—Contracts have been given for the construction of a five-story office and store building with a roof garden by J. and K. Stein, of this city. The building will be erected on the southeast corner of Market square and is to be constructed of stone and brick with steel frame. Trimmings will be of Tennessee marble. Work will begin Monday. Thirty contractors from North Carolina and other states were here to bid on the various contracts, totalling $25,000. The construction work will be done by L. Gentry, of this city. The heating system will be installed by Hunt Brothers, of Greensboro. The elevator system will be the work of the Moffett Elevator Company, of Charlotte. The electric wiring contract was given to Thompson & Co., of Wilson, while the plumbing will be installed by V. H. Crane, of this city. Benton and Benton, of Wilson and Norfolk, are the supervising architects.

Danville, Va., June 30.—Dr. Reyborne M. Williams, a prominent dentist, was killed today by being thrown from his horse. He was 32 years old and was to have been married August 1.

PRESIDENT FOR WAR ONLY IF THERE IS NO OTHER ALTERNATIVE

(Continued from Page One.)

and accepted these obvious things, your programme of action is still to be formed. When will you act, and how will you act?

"The easiest thing is to strike. The brutal thing is the impulsive thing. No man has to think before he takes aggressive action, but before a man really conserves the honor by realizing the ideals of the nation, he has to think exactly what he will do and how he will do it.

"Do you think the glory of America would be enhanced by a war of conquest in Mexico? Do you think that any action of violence by a powerful nation like this against a weak and impoverished neighbor would reflect distinction upon the annals of the United States?

"Do you think that it is our duty to carry self-defense to a point of dictation into the affairs of another people? The ideals of America are written plain upon every page of American history.

"And I want you to know how fully I realize whose servant I am, I do not own the government of the United States even for the time being. I have no right in the use of it to express my own passions. I have no right to express my own ambitions for the development of America if those ambitions are not coincident with the ambitions of the nation itself.

Servant of Rank and File.

"And I have constantly to remind myself that I am not the servant of those who wish to enhance the value of their Mexican investments, that I am the servant of the rank and file of the people of the United States. I get a great many letters, my fellow citizens, from important and influential men in this country, but I get a great many other letters. I get letters from unknown men, from humble women, from peoples whose names have never been heard and never will be recorded and there is but one prayer in all of these letters: 'Mr. President, do not allow anybody to persuade you that the people of this country want war with anybody.'

"I got off a train yesterday and as I was bidding good bye to the engineer, he said in an undertone, 'Mr. President, keep out of Mexico,' and if one man has said that to me, a thousand have said it to me as I have moved about the country.

"If I have opportunity to engage them further in conversation they say 'Of course, we know that you cannot govern the circumstances of the case altogether and it may be necessary, but for God's sake, do not do it unless it is necessary.'

"I am for the time being the spokesman of such people, gentlemen, I have not read possibly without observing that the greatest forces in the world and the only permanent forces are the moral forces. * * * *

Nothing Permanent Through Force.

"Force will not accomplish anything that is permanent, I venture to say, in the great struggle which is going on on the other side of the sea. The permanent things will be accomplished afterward when the opposition of mankind is brought to bear upon the issues and the only thing that will hold the world steady is this same silent, insistent, all-powerful opinion of mankind.

"Force can sometimes hold things steady until opinion has time to form, but no force that was ever exerted except in response to that opinion was ever a conquering and predominant force.

"I think the sentence in American history that I myself am proudest of is that in the introductory sentences of the Declaration of Independence where the writers say that a due respect for the opinion of mankind demands that they state the reasons for what they are about to do. I venture to say that a decent respect for the opinions of mankind demanded that those who started the present European war should have stated their reasons, but they did not pay any heed to the opinion of mankind and the reckoning will come when the settlement comes.

"So, gentlemen, I am willing, no matter what my personal fortunes may be, to play for the verdict of mankind. Personally, it will be a matter of indifference to me what the verdict on the 7th of November is provided I feel any degree of confidence that when a later jury sits I shall get their judgment in my favor. Not my favor—personally, what difference does that make?—but in my favor as an honest and conscientious spokesman of a great national convention.

"There are some gentlemen who are under the delusion that the power of a nation comes from the top. It does not. It comes from the bottom."

GUARDSMEN BEGIN TO ASSEMBLE AT BORDER

(Continued From Page One.)

tered into the service and are awaiting marching orders. The remainder will not be able to leave for perhaps two weeks because of lack of training and equipment.

CAMPS WHERE VOLUNTEERS WOULD BE CONCENTRATED

New York, June 30.—Information was given out tonight at Department of the East headquarters regarding the camps which would be selected as places of concentration in the event of a call by President Wilson for volunteers for Mexican duty. Some of these camps are the same as those at which state militiamen now are mobilized they include Camp Glenn, Morehead City, N. C.; the River Styx, near Columbia, S. C.; Nashville, Tenn.; Richmond, Va.; and for the District of Columbia, Fort Meyer, Va.

VIENNA CLAIMS REPULSE OF SOME ITALIAN ATTACKS

Vienna, (via London), June 30.—The latest Autsrian official communication asserts that Italian atacks on the San Martino and Carinthian fronts were repulsed and that severe fighting continues in the Doberdo Plateau. On the eastern front, the communication says, Austrians withdrew before the pressure of superior Russian forces from the sector southwest of Kolomea. Bitter fighting is proceeding northwest of Kuty.

DIED

STYRON—At the home of her daughter, Mrs. B. H. Marshall, 116 North Sixteenth street, Friday, June 30th, 1916, at 9:30 P. M., MRS. ADA CROOM STYRON, wife of O. W. Styron, aged 60 years.

Funeral from St. Andrew's Presbyterian church this (Saturday) afternoon at 4 o'clock. Interment in Oakdale cemetery. Friends and acquaintances respectfully invited to attend.

FAVORABLE REPORT MADE ON THE HAY RELIEF MEASURE.

Would Provide $2,000,000 for Dependent Families of Guardsmen.

Washington, June 30.—The Hay bill to appropriate $2,000,000 for relief of dependent families of National Guardsmen called into the Federal service was favorably reported to the House today and will be taken up for passage tomorrow.

As amended in committee the bill provides that the Secretary of War shall distribute the fund in his discretion, but that not more than $50 a month may be paid any one family. The committee struck out the discretionary authority to honorably discharge enlisted men with dependent families and inserted a new provision that the action of the Secretary of War in enforcing that act shall be final, and not subject to court review.

Business Locals

Life Insurance and A Bank Book

The American Bank and Trust Company looks with especial favor on the account of the man who has his life well insured. It bespeaks not only foresight and judgment, but also increases the stability of his financial position.

Men are prone to delay this important matter. The first premium is often a seeming obstacle. A special savings account at this bank for the purpose of accumulating premiums will remove the difficulties. Life Insurance in good companies will be a constant and growing asset. Periodical deposits in your savings account will provide your premiums without heavy drains on your income at one time.

"Hot Weather" Clothes That Fit

You'll not have to go far to find Cool Summer Suits—you see them most anywhere. If it was just coolness you were after, a nice white sheet would do.

You want style and fit, in addition to cool comfort—that's another way of saying buy "DAVID'S CLOTHES," made by Hart Schaffner & Marx and other famous makers.

PALM BEACH, COOL CLOTH, FLANNEL, MOHAIR, and DIXIE WEAVES—they're light, breezy, and made up into stylish, perfectly fitting suits. Ideal "hot weather" suits—$7.50 and up.

"Custom" Window Screen Frames

Make Your Own Window Screens
"CUSTOM"

This frame is made heavy and substantial, from selected white pine or basswood. Size of sticks, ⅞x1¾ inches. The side pieces are grooved in the outer edges. Slide-sticks for fastening to the window casings are furnished; also raised mouldings for covering the edge of the wire cloth; and all necessary nails, corner irons and lifts.

The construction is very simple and the frame is easily put together, and when made up looks like a regular custom or made to order screen. Directions with each one.

	Wide High
No. 3642 Basswood	Size 36x42 in.
No. 3648 Basswood	Size 36x48 in.
No. 4242 Basswood	Size 42x42 in.
No. 4848 Basswood	Size 48x48 in.
